SECTION 2 - GENERAL RULES AND REGULATIONS

2.1 Use of Facilities and Service

2.1.1 Obligation of the Company

In furnishing facilities and service, the Company does not undertake to transmit messages, but furnishes the use of its facilities to its Customers for communications.

The Company's obligation to furnish facilities and service is dependent upon its ability: (a) to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment; (b) to secure and retain, without unreasonable expense, suitable space for its plant and facilities in the building where service is or will be provided to the Customer; or (c) to secure reimbursement of all costs where the owner or operator of a building demands relocation or rearrangement of plant and facilities used in providing service therein.

The Company shall not be required to furnish, or continue to furnish, facilities or service where the circumstances are such that the proposed use of the facilities or service would tend to adversely affect the Company's plant, property or service.

The Company reserves the right to refuse an application for service made by a present or former Customer who is indebted to the Company for service previously rendered pursuant to this Tariff until the indebtedness is satisfied.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.2 Limitations on Liability

A. Indemnification by Customer

The Customer and any authorized or joint users, jointly and severally shall indemnify, defend and hold the Company harmless against claims, loss, damage, expense (including attorneys' fees and court costs) for libel, slander, or infringement of copyright arising from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, equipment and systems of the Customer; and against all other claims arising out of any act or omission of the Customer in connection with facilities provided by the Company or the Customer. In the event any such infringing use is enjoined, the Customer, authorized user or joint user at its option and expense, shall obtain immediately a dismissal or stay of such injunction, obtain a license or other agreement so as to extinguish any claim of infringement, or terminate the claimed infringing use or modify such infringement.

B. Customer-Provided Equipment

The service and facilities furnished by the Company are subject to the following limitations: the Company shall not be liable for damage arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the facilities of the Company caused by Customer-provided equipment or premises wire.

C. Use of Facilities of Other Companies

When the facilities of other companies are used in establishing a connection, the Company is not liable for any act, error, omission, or interruption caused by the other company or their agents or employees. This includes the provision of a signaling system database by another company.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.3 Use Of Service

Any service provided under this Tariff may be resold to or shared (jointly used) with other persons at the Customer's option. The Customer remains solely responsible for all use of service ordered by it or billed to its telephone number(s) pursuant to this Tariff, for determining who is authorized to use its service, and for promptly notifying the Company of any unauthorized use. The Customer may advise its Customers that a portion of its service is provided by the Company, but the Customer shall not represent that the Company jointly participates with the Customer in the provision of the service.

2.1.4 Use and Ownership of Equipment

The Company's equipment, apparatus, channels and lines shall be carefully used. Equipment furnished by the Company shall remain its property and shall be returned to the Company whenever requested, within a reasonable period following the request, in good condition, reasonable wear and tear accepted. The Customer is required to reimburse the Company for any loss of, or damage to, the facilities or equipment on the Customer's premises, including loss or damage caused by agents, employees or independent contractors of the Customer through any negligence.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.5 Directory Errors

In the absence of gross negligence or willful misconduct and except for the allowances stated below, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.

An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:

- A. Free Listings** - For free or no-charge published directory listings, credit shall be given at the rate of two (2) times the monthly tariff rate for an additional or charge listing for each individual, auxiliary or party line, PBX trunk or Centrex attendant loop affected, for the life of the directory or the charge period during which the error, mistake or omission occurs.
- B. Charge Listings** - For additional or charge published directory listings, credit shall be given at the monthly tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs.
- C. Operator Records** - For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the subscriber, the Company shall be allowed a period of three (3) business days to make a correction. If the correction is not made in that time, credit shall be given at the rate of 2/30ths of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected. (Where Centrex attendant loops are involved, credit shall be given at the rate of 2/30ths of the basic monthly rate for PBX trunks.)

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.5 Directory Errors, (Cont'd.)

- D. Credit Limitation** - The total amount of the credit provided for the preceding paragraphs 1, 2, and 3 shall not exceed, on a monthly basis, the total of the charges for each charge listing plus the basic monthly rate, as specified in paragraph 3, for the line or lines in question.
- E. Definitions** - As used in Paragraphs 1, 2, 3, and 4 above, the terms "error," "mistake" or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on an incorrect street or in an incorrect community.
- F. Notice** - Such allowances or credits as specified in Paragraphs 1, 2, and 3 above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.2 Minimum Period of Service

The minimum period of service is one (1) month except as otherwise provided in this Tariff. The Customer must pay the regular tariffed rate for the service they subscribe to for the minimum period of service. If a Customer disconnects service before the end of the minimum service period, that Customer is responsible for paying the regular rates for the remainder of the minimum service period. When the service is moved within the same building, to another building on the same premises, or to a different premises entirely, the period of service at each location is accumulated to calculate if the Customer has met the minimum period of service obligation.

If service is terminated before the end of the minimum period of service as a result of condemnation of property, damage to property requiring the premises to be abandoned, or by the death of the Customer, the Customer is not obligated to pay for service for the remainder of the minimum period.

If service is switched over to a new Customer at the same premises after the first month's service, the minimum period of service requirements are assigned to the new Customer if the new Customer agrees in writing to accept them. For facilities not taken over by the new Customer, the original Customer is responsible for the remaining payment for the minimum service period in accordance with the terms under which the service was originally furnished.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.3 Flexible Pricing

2.3.1 General

Flexible Pricing sets minimum and maximum rates that can be charged for telephone service. The Company may change a specific rate within the range of the established minimum and maximum rates on one day's notice to Customers and the Public Service Commission.

2.3.2 Conditions

- A.** The Company reserves the right to change prices at any time subject to regulatory requirements by filing a revised Rate Attachment with the Commission.
- B.** Individual written notice to Customers of rate changes shall be made in accordance with Commission regulations. Where there are no regulations, notification will be made in a manner appropriate to the circumstances involved.
- C.** A rate shall not be changed unless it has been in effect for at least thirty (30) days.
- D.** A Customer can request that the Company disconnect service that is provided under the Flexible Pricing due to a price increase. The Customer will be credited for the difference between the new price and the old price retroactive to the effective date of the price increase if the Customer notifies the Company of its desire to disconnect service within twenty (20) days of receiving notification of the price increase.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Services Rendered

2.4.1 Responsibility for All Charges

Any applicant for facilities or service may be required to sign an application form requesting the Company to furnish the facilities or service in accordance with the rates, charges, rules and regulations from time to time in force and effect. The Customer is responsible for all local and toll calls originating from the Customer's premises and for all calls charged to the Customer's line where any person answering the Customer's line agrees to accept such charge.

2.4.2 Deposits

Subject to special provisions as may be set forth below and in Sections 2.10 and 2.11 of this Tariff, any applicant or Customer whose financial responsibility is not established to the satisfaction of the Company may be required to deposit a sum up to an amount equal to the total of the estimated local service and intraLATA toll charges for up to two (2) months for the facilities and service. If the minimum period of service for the requested facilities and service is more than one (1) month, as specified in this Tariff, the Customer may be required to deposit a sum up to an amount equal to the total charges for service for the minimum service period less any connection charge paid by the Customer.

The fact that a deposit has been made shall in no way relieve the applicant or Customer from complying with the Tariff regulations for the prompt payment of bills on presentation. Each applicant from whom a deposit is collected will be given a certificate of deposit and circular containing the terms and conditions applicable to deposits, in accordance with the Rules and Regulations of the Commission pertaining to Customer deposits.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Services Rendered, (Cont'd.)

2.4.2 Deposits, (cont'd)

A. Interest on Deposits

Simple interest at the rate specified by the Commission shall be credited or paid to the Customer while the Company holds the deposit.

B. Inadequate Deposit

If the amount of a deposit is proven to be less than required to meet the requirements specified above, the Customer shall be required to pay an additional deposit upon request.

C. Return of Deposit

When a deposit is to be returned, the Customer may request that the full amount of the deposit be issued by check. If the Customer requests that the full amount be credited to amounts owed the Company, the Company will process the transaction on the billing date and apply the deposit to any amount currently owed to the Company, and return any remaining amount of the deposit to the Customer by check.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Services Rendered, (Cont'd.)

2.4.3 Payment of Charges

Charges for facilities and service, other than usage charges, are due monthly in advance. All other charges are payable upon request of the Company. Bills are due on the due date shown on the bill and are payable at any business office of the Company, by U.S. Mail, or at any location designated by the Company. If objection is not received by the Company within three (3) months after the bill is rendered, the items and charges appearing thereon shall be determined to be correct and binding upon the Customer. A bill will not be deemed correct and binding upon the Customer if the Company has records on the basis of which an objection may be considered, or if the Customer has in his or her possession such Company records. If objection results in a refund to the Customer, such refund will be with interest at the greater of the unadjusted Customer deposit rate or the applicable late payment rate, if any, for the service classification under which the Customer was billed. Interest will be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, compounded monthly, until the overpayment is refunded. Notwithstanding the foregoing, no interest will be paid by the Company on Customer overpayments that are refunded within thirty (30) days after the overpayment is received by the Company.

Where an objection to the bill involves a superseded service order, the items and charges appearing on the bill shall be deemed to be correct and binding upon the Customer if objection is not received by the Company within two (2) months after the bill is rendered.

All charges for prepaid services must be paid in advance.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Services Rendered, (Cont'd.)

2.4.4 Return Check Charge

When a check which has been presented to the Company by a Customer in payment for charges is returned by the bank, the Customer shall be responsible for the payment of a Returned Check Charge of \$20.00.

2.4.5 Late Payment Charges

- A.** Customer bills for telephone service are due on the due date specified on the bill. A Customer is in default unless payment is made on or before the due date specified on the bill. If payment is not received by the Customer's next billing date, a late payment charge of 1.5% will be applied to all amounts previously billed under this Tariff, excluding one (1) month's local service charge, but including arrears and unpaid late payment charges.
- B.** Late payment charges do not apply to those portions (and only those portions) of unpaid balances that are associated with disputed amounts. Undisputed amounts on the same bill are subject to late payment charges if unpaid and carried forward to the next bill.
- C.** Late payment charges do not apply to final accounts.
- D.** Late payment charges do not apply to government agencies of the State of New York. These agencies are required to make payment in accordance with the provisions of Article XI-A of the State Finance Law (Chapter 153 of the Laws of 1984).
- E.** Late payment charges do not apply to Customers of prepaid services. See Section 6.2.5 for the rules and regulations regarding prepaid services.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Services Rendered, (Cont'd.)

2.4.6 Customer Overpayments

The Company will provide interest on Customer overpayments that are not refunded within thirty (30) days of the date the Company receives the overpayment. An overpayment is considered to have occurred when payment in excess of the correct charges for service is made because of erroneous Company billing. The Customer will be issued reimbursement for the overpayment, plus interest, or, if agreed to by the Customer, credit for the amount will be provided on the next regular Company bill. The rate of interest shall be the greater of the Customer deposit interest rate or the Company's applicable Late Payment Charge.

Interest shall be paid from the date when overpayment was made, adjusted for any changes in the deposit rate or late payment rate and compounded monthly, until the date when the overpayment is refunded. The date when overpayment is considered to have been made will be the date on which the Customer's overpayment was originally recorded to the Customer's account by the Company.

Overpayment rules do not apply to Customers of prepaid services.

2.5 Installation Service

The Company provides a Half-Day Installation Plan, which offers Customers half-day appointments (i.e., morning/afternoon or a rolling interval) for connection of Commission regulated service involving a Customer premise visit. In the case of any inconsistency with the regulations in Part 603.15 of 16 NYCRR for installation service, the rules of the Commission shall prevail.

2.6 Access to Customer's Premises

The Customer shall be responsible for making arrangements or obtaining permission for safe and reasonable access for Company employees or agents of the Company to enter the premises of the Customer or any joint user or Customer of the Customer at any reasonable hour for the purpose of inspecting, repairing, testing or removing any part of the Company's facilities.

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.7 Telephone Surcharges

2.7.1 General

The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required or allowed by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. If there are surcharge rates applicable to a particular city, village, town or county tax district or other jurisdictional taxing entity, the rate will be listed on Statement 1. Other charges include, but are not limited to, the Primary Interexchange Carrier Charges listed on Statement 2.

2.7.2 Surcharge For State Gross Income and Gross Earnings Taxes

A monthly surcharge to recover the additional expense related to the State Gross Income and Gross Earnings Taxes applies to the recurring and nonrecurring rates and charges for all intrastate service except returned check charges, late payment charges and rates for local coin calls. The applicable Gross Revenue Surcharge rates are shown on Statement 1 which is at the end of this section. Any changes to these rates will be filed on fifteen (15) days' notice to Customers and the Commission, and as directed by the Commission. Whenever the state levies a new tax on the Company's gross revenues, repeals such a tax, or changes the rate of such a tax, the Commission may approve new surcharge factors, and the Company will file a revised statement as directed or approved by the Commission.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.7 Telephone Surcharges, (Cont'd.)

2.7.3 Village or Municipal Surcharge On Local Utility Gross Revenue Taxes

In certain cities and villages a municipal surcharge related to the Local Utility Gross Revenue Taxes applies to the recurring and nonrecurring rates and charges for all intrastate service except returned check charges, late payment charges and rates for local coin calls. The percentage rate of the surcharge in each locality where such a surcharge applies is listed on Statement 1.

The surcharge statement shall be filed at least fifteen (15) business days before the effective date. The effective date of the statement shall not be prior to the effective date of the surcharge and no sooner than the date when the tax enactment is filed with the Secretary of State. The surcharge shall be applicable to bills subject to the tax enactment that are rendered on or after the effective date of the statement. If the tax enactment either ceases to be effective or is modified so as to reduce the tax rate, the surcharge will be changed accordingly within five (5) business days.

Introduction, cancellation or modification of a surcharge will be effective on the date of the Customer's first bill rendered after the effective date of the change.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.7 Telephone Surcharges, (Cont'd.)

2.7.4 Public Pay Telephone Surcharge

An undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to usage charges, applicable service and surcharges associated with the Company's service as set forth herein, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone. The applicable Public Pay Telephone Surcharge is listed on Statement 1.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Suspension or Termination of Service

2.9.1 Suspension or Termination for Nonpayment

In the event that any bill rendered or any deposit required is not paid, the Company may suspend service or terminate service until the bill or the required deposit has been paid. If service is suspended or terminated for nonpayment, the Customer will be billed a Connection Charge as well as any payment due and any applicable deposits upon reconnection.

- A. Termination shall not be made until at least twenty (20) days after written notification has been mailed to the billing address of the Customer.
- B. Suspension will not be made until at least eight (8) days after written notification has been mailed to the Customer and twenty (20) days before the termination notice.

Telephone service shall only be suspended during the hours between 8:00 AM and 4:00 PM, Monday through Thursday. It shall not be suspended or terminated for nonpayment on weekends, public holidays, other federal and state holidays proclaimed by the President or the Governor, or on days when the main business office of the Company is not open for business, or during the periods from December 23rd through December 26th or December 30th through January 1st.

The general suspension or termination for nonpayment rules do not apply to Customers of prepaid services.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Suspension or Termination of Service, (Cont'd.)

2.9.2 Exceptions to Suspension and Termination

Telephone service shall not be suspended or terminated for:

- A.** Nonpayment of bills rendered for charges other than telephone service or deposits requested in connection with telephone service;
- B.** Nonpayment for service for which a bill has not been rendered;
- C.** Nonpayment for service which have not been rendered;
- D.** Nonpayment of any billed charge which is in dispute or for the nonpayment of a deposit which is in dispute during the period before a determination of the dispute is made by the Company in accordance with Company's complaint handling procedures. These procedures are in accordance with the Public Service Commission Rules and Regulations contained in Part 609 of 16 NYCRR.

Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the Customer does not pay the undisputed portion after being asked to do so.

- E.** Nonpayment of back billed amounts as outlined in 2.11.12.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Suspension or Termination of Service, (Cont'd.)

2.9.3 Verification of Nonpayment

Telephone service shall not be suspended or terminated for nonpayment of a bill rendered or a required deposit unless:

- A.** The Company has verified, in a manner approved by the Public Service Commission, that payment has not been received at any office of the Company or at any office of an authorized collection agent through the end of the period indicated in the notice, and
- B.** The Company has checked the Customer's account on the day that suspension or termination is to occur to determine whether payment has been posted to the Customer's account as of the opening of business on that day.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Suspension or Termination of Service, (Cont'd.)

2.9.4 Termination For Cause Other Than Nonpayment

A. General

The Company, after notice in writing to the Customer and after having given the Customer an appropriate opportunity to respond to such notice, may terminate service and sever the connection(s) from the Customer's premises under the following conditions:

1. in the event of prohibited, unlawful or improper use of the facilities or service, or any other violation by the Customer of the rules and regulations governing the facilities and service furnished;
2. if, in the judgment of the Company, any use of the facilities or service by the Customer may adversely affect the Company's personnel, plant, property or service. The Company shall have the right to take immediate action, including termination of the service and severing of the connection, without notice to the Customer when injury or damage to telephone personnel, plant, property or service is occurring; or is likely to occur;
3. in the event of unauthorized use, where the Customer fails to take reasonable steps to prevent the unauthorized use of the facilities or service received from the Company; or
4. in the event that service is connected for a Customer who is indebted to the Company for service or facilities previously furnished, that service may be terminated by the Company unless the Customer satisfies the indebtedness within twenty (20) days after written notification. See Section 2.11.7 regarding Deferred Payment Agreements.

2.9.4 Termination For Cause Other Than Nonpayment (cont'd.)

B. Prohibited, Unlawful or Improper Use of the Facilities or Service

Prohibited, unlawful or improper use of the facilities or service includes, but is not limited to:

1. The use of facilities or service of the Company without payment of tariff charges;
2. Calling or permitting others to call another person or persons so frequently or at such times of the day or in such manner as to harass, frighten, abuse or torment such other person or persons;
3. The use of profane or obscene language;
4. The use of the service in such a manner such that it interferes with the service of other Customers or prevents them from making or receiving calls;
5. The use of a mechanical dialing device or recorded announcement equipment to seize a Customer's line, thereby interfering with the Customer's use of the service;
6. Permitting fraudulent use.

2.9 Suspension or Termination of Service, (Cont'd.)

2.9.4 Termination For Cause Other Than Nonpayment (cont'd.)

C. Abandonment or Unauthorized Use of Facilities

1. If it is determined that facilities have been abandoned, or are being used by unauthorized persons, or that the Customer has failed to take reasonable steps to prevent unauthorized use, the Company may terminate telephone service.
2. In the event that telephone service is terminated for abandonment of facilities or unauthorized use and service is subsequently restored to the same Customer at the same location:
 - a. No charge shall apply for the period during which service had been terminated, and
 - b. Reconnection charges will apply when service is restored. However, no charge shall be made for reconnection if the service was terminated due to an error on the part of the Company.

2.9 Suspension or Termination of Service, (Cont'd.)

2.9.4 Termination For Cause Other Than Nonpayment (cont'd.)

D. Change in the Company's Ability to Secure Access

Any change in the Company's ability (a) to secure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment or (b) to secure and retain suitable space for its plant and facilities in the building where service is provided to the Customer may require termination of a Customer's service until such time as new arrangements can be made. No charges will be assessed the Customer while service is terminated, and no connection charges will apply when the service is restored.

2.9.5 Emergency Termination of Service

The Company will immediately terminate the service of any Customer, on request, when the Customer has reasonable belief that the service is being used by an unauthorized person or persons. The Company may require that the request be submitted in writing as a follow-up to a request made by telephone.

2.9.6 Termination by Customer

Customer may, after meeting a minimum service period, if any, terminate service by providing 30 days written notice to the Company prior to cancellation. Customers terminating service prior to the expiration of the thirty (30) day notice period will not receive a prorated refund of fixed or recurring monthly charges which are billed in advance.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Business Customers

2.10.1 Application of Rates

- A.** Business rates as described in Section 7 apply to service furnished:
1. In office buildings, stores, factories and all other places of a business nature;
 2. In hotels, apartment houses, clubs and boarding and rooming houses except when service is within the Customer's domestic establishment and no business listings are provided; colleges, hospitals and other institutions; and in churches except when service is provided to an individual of the clergy for personal use only and business service is already established for the church at the same location;
 3. At any location when the listing or public advertising indicates a business or a profession;
 4. At any location where the service includes an extension which is at a location where business rates apply unless the extension is restricted to incoming calls;
 5. At any location where the Customer resells or shares exchange service;
- B.** The use of business facilities and service is restricted to the Customer, Customers, agents and representatives of the Customer, and joint users.

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Business Customers, (Cont'd.)

2.10.2 Telephone Number Changes

When a business Customer requests a telephone number change, the referral period for the disconnected number is one-hundred and eighty (180) days.

The Company reserves all rights to the telephone numbers assigned to any Customer. The Customer may order a Customized Number where facilities permit for an additional charge as specified in Section 5.9 of this Tariff.

When service in an existing location is continued for a new Customer, the existing telephone number may be retained by the new Customer only if the former Customer consents in writing, and if all charges against the account are paid or assumed by the new Customer.

2.10.3 Deposits

Deposits will be returned to a business Customer upon cancellation of service or after one (1) year, whichever event occurs first, unless the Customer is delinquent in payment, in which case the Company will continue to retain the deposit until the delinquency is satisfied. If a service is involuntarily discontinued, the deposit is applied against the final bill, and any balance is returned to the Customer.

2.10.4 Dishonored Checks

If a business Customer who has received a notice of discontinuance pays the bill with a check that is subsequently dishonored, the account remains unpaid and the Company is not required to issue any additional notice before disconnecting service.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers

2.11.1 Application of Rates

Residential rates as described in Section 6 apply to service furnished in private homes or apartments (including all parts of the Customer's domestic establishment) for domestic use. Residential rates apply in college fraternity or sorority houses, convents and monasteries, and to the clergy for domestic use in residential quarters.

Residential rates do not apply to service in residential locations if the listing indicates a business or profession. Residential rates do not apply to service furnished in residential locations if there is an extension line from the residential location to a business location unless the extension line is limited to incoming calls.

The use of residential service and facilities is restricted to the Customer, members of the Customer's domestic establishment, and joint users.

2.11.2 Telephone Number Changes

When a residential Customer requests a telephone number change, the referral period for the disconnected number is ninety (90) days.

The Company reserves all rights to any telephone number assigned to a Customer for local service. The Customer may order a Customized Number where facilities permit for an additional charge as specified in Section 5.11 of this Tariff.

When service in an existing location is continued for a new Customer, the existing number may be retained by the new Customer only if the former Customer consents in writing, and if all charges against the account are paid or assumed by the new Customer.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.3 Deposits

A. General

Except as provided in (b) following, the Company may require a deposit, as described in Section 2.4.2 of this Tariff, from a residential Customer who is applying for service if the Customer: 1) has had service terminated for nonpayment once within the preceding six (6) month period, or 2) is delinquent in payment. A Customer is delinquent in payment if that Customer has received two (2) consecutive telephone bills without making payment of at least one-half the total arrears due on the due date of the second bill. A Customer is not considered delinquent, however, if an amount in dispute is not paid before the dispute is resolved.

An existing Customer is an applicant for service who was a Customer of the Company within twelve (12) months of making the request, provided that prior service was not terminated for nonpayment, unless service is requested within ten (10) days of such termination for nonpayment. Applicants for residential service and existing residential Customers are permitted to pay deposits in installments over a period not to exceed six (6) months.

A new Customer is an applicant for service who has not been a Customer of the Company within twelve (12) months of making the request for service. A new Customer shall not be required to post a security deposit as a condition of receiving telephone service.

A seasonal Customer is an individual who applies for and receives telephone service periodically each year, intermittently during the year or at other regular intervals scheduled at the time of application. A seasonal Customer may be required to post a deposit.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.3 Deposits, (Cont'd.)

B. Customers Exempt from Deposits

1. A new Customer or existing Customer who is sixty-two (62) years of age or older shall be exempt from any deposit requirement unless such person's telephone service was terminated for nonpayment during the preceding six (6) months. Proof of age will be required from any person claiming exemption from deposit requirements because of age. If the proof requested by the Company is not received within thirty (30) days from the date service is connected, or thirty (30) days from the date that verification of age is requested from an existing Customer, the Company may suspend or terminate service unless the Customer pays the required deposit. Any new Customer or existing Customer sixty-two (62) years of age or older shall be permitted to pay a deposit in installments over a period not to exceed twelve (12) months.
2. The Company shall not require any person it knows to be a recipient of public assistance, supplemental security income or additional state payments to post a deposit.
3. Customers of prepaid services are exempt from deposit requirements. Payment terms for Customers of prepaid services are described in Section 6.2.5.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.3 Deposits, (Cont'd.)

C. Recent Payment History

A Customer who has a recent payment history (within the preceding twelve (12) months) with the Company are entitled to service without payment of a deposit unless their records indicate that they are delinquent in payment or have had service terminated for nonpayment. A Customer who still owes money to the Company for residential service on a prior account shall be offered a deferred payment plan provided that the Customer had service for three months and was not terminated for nonpayment during that period. (See Deferred Payment Agreements, 2.11.7 below.)

New deposits from a residential Customer are reviewed after the first three (3) monthly bills have been rendered; if too much has been taken, the excess is returned. The entire deposit is returned to a residential Customer after one (1) year, unless the Customer is delinquent in payment, in which case the Company may continue to retain the deposit until the delinquency is satisfied. If the service is discontinued, the deposit is applied against the final bill, and any balance is returned to the Customer.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.4 Installment Billing For Nonrecurring Charges

A residential Customer may elect to pay service connection and other nonrecurring charges associated with a service order in monthly installments for up to a twelve (12) month period. When installment billing is requested, all nonrecurring charges associated with a given service order will be included in the calculation of the monthly installment. This option is not available to Customers of prepaid services.

Installment billing is subject to the following restrictions:

- a. Installment billing may be used only by residential Customers;
- b. Charges will be billed in the number of installments of equal dollar amounts as requested by the Customer up to a maximum of twelve (12) installments over the course of twelve (12) months;
- c. A Customer may not pay a portion of the charges and then request installment billing for the remaining charges;
- d. More than one (1) installment plan may be in effect for the same Customer at the same time;
- e. If a Customer disconnects service during the installment payment period, all unbilled charges will be included in the final bill rendered;
- f. A Customer may elect to pay the unbilled charges before the expiration of the installment plan;
- g. Installment billing payments will continue even when an account is temporarily suspended;
- h. No interest or carrying charges will be applied to the outstanding balance during the installment period.

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.5 Adjusted Payment Schedule

A Customer on a fixed income (e.g., pension and public assistance) shall be offered the opportunity to pay his or her bills on a reasonable schedule that is adjusted for periodic receipt of income. Customers of prepaid services are not eligible for adjusted payment schedules.

2.11.6 Suspension or Termination for Nonpayment

- A.** Suspension/termination notices may not be issued until at least twenty-five (25) days after the date of the bill. Bills must be mailed to the Customer no later than 6 business days after the date of the bill.
- B.** After issuing the written notification in accordance with 2.9.1, at least one (1) attempt shall be made during non-working hours to contact the residential Customer by telephone before the scheduled date of suspension/termination.
- C.** Suspension/termination may occur only between the hours of 8 a.m. and 4 p.m. Monday through Thursday, provided that such day or the following day is not a public holiday or a day on which the main office is closed. In addition, service may not be disconnected during the periods of December 23rd through the 26th and December 30th through January 2nd.
- D.** Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the Customer does not pay the undisputed portion after being asked to do so. Suspended or terminated residential service shall be reconnected within twenty-four (24) hours following payment or within twenty-four (24) hours of the end of circumstances beyond the Company's control which delay the reconnection. The Commission may direct that service be reconnected in less than twenty-four (24) hours.
- E.** The rules listed above do not apply to prepaid services. The rules for suspension or termination for nonpayment of prepaid services are described in Section 6.2.5.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.7 Deferred Payment Agreements

Service will not be suspended or terminated unless the Customer has been advised that a deferred payment plan can be arranged. An existing residential Customer with three (3) or more months service and for whom service has not been terminated for nonpayment is eligible for Deferred Payment Arrangements (DPA). The Company must offer an eligible Customer a DPA in accordance with the Commission's order in Case 90-C-1148 issued on August 7, 1992. Final notice of suspension/termination will advise the Customer of deferred payment arrangements and will include, in bold print, a notice that assistance in reaching an agreement may be obtained from the Commission. The DPA notice will be mailed no less than six (6) days before termination of total service.

A Deferred Payment Agreement will be for a period agreed to by both the Customer and the Company.

If the Company believes that the Customer has the resources to pay the bill, it shall notify both the Customer and the Commission in writing of the reasons for its belief. The Commission shall make the final determination as to whether a DPA should be provided. A Customer with medical emergencies and a Customer who is elderly, blind or disabled shall be exempt from such eligibility criteria.

Deferred payment arrangements are not available to Customers of prepaid services.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.8 Dishonored Checks

When a check received from a residential Customer is dishonored, the company shall make two (2) attempts, one (1) outside of normal business hours, to contact the Customer within twenty-four (24) hours. The Customer shall be given an additional twenty-four (24) hours to pay before suspension/termination. The additional notice will be given provided that the Customer has not submitted a dishonored check within the past twelve (12) months.

2.11.9 Suspension or Termination - Abandonment

Suspension/termination of residential service for abandonment or unauthorized use may occur only after the Company makes a reasonable attempt to determine occupancy or authorized use, or the Customer takes reasonable steps to prevent unauthorized use. A notice must be sent to the Customer five (5) days before such suspension or termination. The notification requirement is waived when previous mailings are returned by the Post Office or the company is advised that a new Customer has moved into the location.

2.11.10 Suspension or Termination - Medical Emergencies

In the event of a medical emergency as defined in 16 NYCRR, Sec. 609.5, an additional thirty (30) days will be allowed for a residential Customer before suspension or termination. A medical certificate as defined in 16 NYCRR, Sec. 609.5, must be supplied. The medical emergency status may be extended beyond thirty (30) days upon submission of specified documentation. During the emergency, the Customer will be able to defer payment of monthly charges up to an amount specified by the Commission until the emergency ceases or it is determined that the Customer has the ability to pay the charges. Charges in any month in excess of the amount specified are due by the due date of the bill. Payment exemptions for medical emergencies are not applicable to Customers of prepaid services.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.11.11 Suspension or Termination - Elderly, Blind or Disabled

An additional twenty (20) days will be allowed before suspension or termination may occur when:

- a) the Customer is known to or identified to the Company as being blind or disabled, as defined in 16 NYCRR, Sec. 609.5, or
- b) the Customer is sixty-two (62) years of age or older, and all other residents of the Customer's household are: under eighteen (18) years of age, over sixty-two (62) years of age, blind or disabled.

In cases where service has been suspended or terminated and the Company subsequently learns that the Customer is entitled to the protection established herein, the Company shall within twenty-four (24) hours of such notification restore service for an additional twenty (20) days and make a diligent effort to contact in person an adult resident at the Customer's premises for the purpose of devising a payment plan. Payment extensions are not applicable to Customers of prepaid services.

2.11.12 Backbilling for Residential Customers

The Company shall not charge a residential Customer for previously unbilled service or adjust upward a bill previously rendered when the period for the unbilled service or billing adjustment is more than six months prior to the mailing of the bill or the upward adjustment unless the conduct of the Customer caused or contributed to the failure of the Company to render timely accurate billing. Unless the Customer causes the late billing, the Company shall explain the reason for the late billing and shall advise the Customer that suspension/termination of service is not permitted for charges billed in excess of six months after the service was provided. The Customer will be given the opportunity to pay the charges under an installment plan on a schedule equal in time to the length of the Backbilling period. Backbilling rules do not apply to Customers of prepaid services.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.12 Allowances for Interruptions in Service

Interruptions in service, which are not due to the negligence of, or non-compliance with the provisions of this Tariff by the Customer, or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth below for the part of the service that the interruption affects. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff.

2.12.1 Credit for Interruptions

- A.** An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- B.** For calculating credit allowances, every month is considered to have thirty (30) days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.12 Allowances for Interruptions in Service, (Cont'd.)

2.12.1 Credit for Interruptions, (Cont'd.)

- C. A credit allowance will be given, upon request of the Customer to the business office, for interruptions of thirty (30) minutes or more. Credit allowances will be calculated as follows:
- i. if interruption continues for less than twenty-four (24) hours:
 - a) 1/30th of the monthly rate if it is the first interruption in the same billing period.
 - b) 2/30ths of the monthly rate if there was a previous interruption of at least twenty-four (24) hours in the same billing period.
 - ii. if interruption continues for more than twenty-four (24) hours:
 - a) if caused by storm, fire, flood or other condition out of Company's control, 1/30th of the monthly rate for each twenty-four (24) hours of interruption.
 - b) for other interruption, 1/30 of the monthly rate for the first twenty-four (24) hours and 2/30ths of such rate for each additional twenty-four (24) hours (or fraction thereof); however, if service is interrupted for over twenty-four (24) hours, more than once in the same billing period, the 2/30ths allowance applies to the first twenty-four (24) hours of the second and subsequent interruptions

Two (2) or more interruptions of fifteen (15) minutes or more during any one (1) twenty-four (24) hour period shall be considered as one (1) interruption.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.12 Allowances for Interruptions in Service, (Cont'd.)

2.12.1 Credit for Interruptions, (Cont'd.)

D. Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired. Customers of prepaid services will be credited with an extension of time for prepaid services, equal to the credit allowances as described above.

E. "Interruption" Defined

For the purpose of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the subscriber or where the Company, pursuant to the terms of the Tariff, suspends or terminates service because of nonpayment of bills due to the company, unlawful or improper use of the facilities or service, or any other reason covered by the Tariff. No allowance shall be made for interruptions due to electric power failure where, by the provisions of this Tariff, the subscriber is responsible for providing electric power. Allowance for interruptions of message rate service will not affect the subscriber's local call allowance during a given billing period.

2.12.2 Limitations on Credit Allowances

No credit allowance will be made for:

- a) interruptions due to the negligence of, or non-compliance with the provisions of this Tariff, by any party other than the Company, including but not limited to the Customer, authorized user, or other common carriers connected to, or providing service connected to, the service of the Company or to the Company's facilities;
- b) interruptions due to the failure or malfunction of non-Company equipment, including service connected to Customer provided electric power;
- c) interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- d) interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- e) interruptions of service due to circumstances or causes beyond the control of the Company.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.13 Automatic Number Identification

2.13.1 Regulations

The Company will provide Automatic Number Identification (ANI) associated with an intrastate service, by tariff, to any entity (ANI recipient), only under the following terms and conditions:

- A. The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.
- B. The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established Customer relationship, a product or service that is directly related to products or service previously purchased by the telephone subscriber from the ANI recipient.
- C. The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent of the telephone subscriber permitting the use of ANI information for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.14 Regulations and Computation of Mileage

Calls for which rates are mileage sensitive are rated on the airline distance between the originating rate center and the terminating rate center.

2.14.1 Originating Rate Center

A Customer's primary local exchange number includes an NXX code that is associated with a specific rate center. The originating point of all calls charged to that Customer's account shall be the location of the Customer's rate center.

2.14.2 Terminating Rate Center

The terminating point for all calls shall be the location of the local rate center associated with the called number.

2.14.3 Calculation of Mileage

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between any two rate centers is determined as follows:

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.14 Regulations and Computation of Mileage, (Cont'd.)

2.14.3 Calculation of Mileage, (Cont'd.)

- Step 1:** Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.
- Step 2:** Obtain the difference between the "V" coordinates of each of the Rate Centers. Obtain the Difference between the "H" coordinates.
- Step 3:** Square the differences obtained in Step 2.
- Step 4:** Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5:** Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6:** Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority

2.15.1 General

- A.** The Telecommunications Service Priority (TSP) Program is a federal program used to identify and prioritize telecommunications services that support national security or emergency preparedness (NS/EP) missions.

NS/EP services are defined as those telecommunications services which are used to maintain a state of readiness or respond to and manage any event or crisis which causes or could cause injury or harm to the population, damage or loss to property, or degrades or threatens the NS/EP posture of the United States.

TSP restoration and/or provisioning shall be provided in accordance with Part 64, Appendix A of the Federal Communications Commission's Rules and Regulations (47 C.F.R.), and the "Service Vendor Handbook For The Telecommunications Service Priority (TSP) Program" and the "Service User Manual for the Telecommunications Service Priority (TSP) System" (NCS Manual 3-1-1) (Service User Manual) issued and updated as necessary by the Office of Priority Telecommunications (OPT) of the National Communications System. Any changes to or reissuance of these regulations or manuals supersede tariff language contained herein.

- B.** The TSP program has two components, restoration and provisioning.
- 1.** A restoration priority is applied to new or existing telecommunications services to ensure restoration before any other services during a service outage. TSP restoration priorities must be requested and assigned before a service outage occurs.
 - 2.** A provisioning priority is obtained to facilitate priority installation of new telecommunications services during a service outage. Provisioning on a priority basis becomes necessary when an end-user has an urgent requirement for a new NS/EP service that must be installed immediately or by a specific due date that can be met only by a shorter than standard or expedited Company provisioning time frame. As a matter of general practice, existing TSP services will be restored before provisioning new TSP services.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

2.15.2 TSP Request Process

A. Restoration

To request a TSP restoration priority assignment, a prospective TSP user must:

1. Determine that the user's telecommunications service supports an NS/EP function under one of the following four TSP categories.

National Security Leadership
National Security Posture and U.S. Population Attack Warning
Public Health, Safety, and Maintenance of Law and Order
Public Welfare and Maintenance of National Economic Posture

2. Identify the priority level to be requested for the telecommunications service. The priority level is determined by the end-user's TSP category and service profile. The service profile defines the user's level of support to the portion of the telecommunications service that the user owns and operates, such as Customer premises equipment or wiring. The five levels of priority and seven element groups that define the service profile are contained in the Service User Manual.
3. Complete the TSP Request for Service Users form (SF 315) available on the National Communications System (NCS) website (<http://tsp.ncs.gov/>).
4. For non-federal users, have their TSP requests approved by a federal agency sponsor. Non-federal users should contact the OPT, at the NCS website (<http://tsp.ncs.gov/>), for information on identifying a sponsor for TSP requests.
5. Submit the SF 315 to the OPT.
6. Upon receipt of the TSP Authorization Code from the OPT, notify the Company, and include the TSP Authorization Code in any service order to the Company requesting restoration of NS/EP services.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

2.15.2 TSP Request Process, (Cont'd.)

B. Provisioning

To request a TSP provisioning priority assignment, a prospective TSP user must follow the same steps listed in A. above for restoration priority assignment except for the following differences. The user should:

Certify that its telecommunications service is an Emergency service. Emergency services are those that support one of the NS/EP functions listed in 2.15.2.A above and are so critical that they must be provisioned at the earliest possible time, without regard to cost to the user.

Verify that the Company cannot meet the service due date without a TSP assignment.

Obtain approval from the end-user's invocation official to request a provisioning priority. Invocation officials are designated individuals with the authority to request TSP provisioning for a telecommunications service, and include the head or director of a federal agency, commander of a unified/specified military command, chief of a military service, commander of a major military command, or state governor.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

2.15.3 Responsibilities of the End-User

End-users or entities acting on their behalf must perform the following:

- A.** Identify telecommunications services requiring priority.
- B.** Request, justify, and revalidate all priority level assignments. Revalidation must be completed every 2 years, and must be done before expiration of the end-user's TSP Authorization Code(s).
- C.** Accept TSP services by the service due dates.
- D.** Have Customer Premises Equipment (CPE) and Customer Premises Wiring (CPW) available by the requested service due date and ensure (through contractual means or otherwise) priority treatment for CPE and CPW necessary for end-to-end service continuity.
- E.** Pay the Company any authorized costs associated with priority services.
- F.** Report to the Company any failed or unusable services with priority levels.
- G.** Designate a 24-hour point of contact for each TSP request and apprise the OPT.
- H.** Cooperate with the OPT during reconciliation (comparison of NS/EP service information and resolution of any identified discrepancies) and revalidation.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

2.15.4 Responsibilities of the Company

The Company will perform the following:

- A.** Provide TSP service only after receipt of a TSP authorization code.
- B.** Revoke TSP services at the direction of the end-user or OPT.
- C.** Ensure that TSP Program priorities supersede any other telecommunications priority that may be provided (other than control services and order wires).
- D.** Designate a 24-hour point of contact to receive reports of TSP service outages from TSP service users.
- E.** Designate a 24-hour point of contact to coordinate TSP processes with the OPT.
- F.** Confirm completion of TSP service order activity to the OPT.
- G.** Participate in reconciliation of TSP information at the request of the OPT.
- H.** Ensure that all subcontractors complete reconciliation of TSP information with the service vendor.
- I.** Ensure that other carriers supplying underlying facilities are provided information necessary to implement priority treatment of facilities that support NS/EP services.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.15 Emergency Crisis/Disaster Restoration and Provisioning Telecommunications Service Priority, (Cont'd.)

2.15.4 Responsibilities of the Company, (Cont'd.)

- J.** Assist in ensuring that priority level assignments of NS/EP services are accurately identified "end-to-end" by providing to subcontractors and interconnecting carriers the restoration priority level assigned to a service.
- K.** Disclose content of the NS/EP TSP database only as may be required by law.
- L.** Comply with regulations and procedures supplemental to and consistent with guidelines issued by the OPT.

2.15.5 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company's best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted Customer of the action to be taken.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.17 Schools and Libraries Discount Program

2.17.1 General

The Schools and Libraries Discount Program permits eligible schools (public and private, grades Kindergarten through 12) and libraries to purchase the Company services offered in this tariff at a discounted rate, in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Opinion and Order 97-11 Adopting Discounts for Services for Schools and Libraries, issued June 25, 1997. The Rules are codified at 47 Code of Federal Regulation (C.F.R.) 54.500 et. seq.

As indicated in the Rules, the discounts will be between 20 and 90 percent of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on an eligible school or library's level of economic disadvantage and by its location in either an urban or rural area. A school's level of economic disadvantage will be determined by the percentage of its students eligible for participation in the national school lunch program, and a library's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules. Discounts are available only to the extent that they are funded by the federal universal service fund. Schools and libraries may aggregate demand with other eligible entities to create a consortium.

2.17 Schools and Libraries Discount Program, (Cont'd.)

2.17.2 Regulations

A. Obligation of eligible schools and libraries

1. Request for service

- a.** Schools and libraries and consortia shall participate in a competitive bidding process for all services eligible for discounts, in accordance with any state and local procurement rules.
- b.** Schools and libraries and consortia shall submit requests for services to the Schools and Libraries Corporation, as designated by the FCC, and follow established procedures.
- c.** Service requested will be used for educational purposes.
- d.** Services will not be sold, resold or transferred in consideration for money or any other thing of value.

B. Obligations of the Company

- 1.** The Company will offer discounts to eligible schools and libraries on commercially available telecommunications services contained in this tariff. Those services contained in this tariff which are excluded from the discount program, in accordance with the Rules are included as an attachment to this tariff.

2.17.2 Regulations, (Cont'd.)

B. Obligations of the Company, (Cont'd.)

2. The Company will offer services to eligible schools, libraries and consortia at prices no higher than the lowest price it charges to similarly situated non-residential Customers for similar services (lowest corresponding price).
3. In competitive bidding situations, the Company may offer flexible pricing or rates other than in this tariff, where specific flexible pricing arrangements are allowed, subject to New York State Public Service Commission approval.

2.17.3 Discounted Rates for Schools and Libraries

- A. Discounts for eligible schools and libraries and consortia shall be set as a percentage from the pre-discount price, which is the price of services to schools and libraries prior to application of a discount.
- B. The discount rate will be applied to eligible intrastate services purchased by eligible schools, libraries or consortia.
- C. The discount rate is based on each school or library's level of economic disadvantage as determined in accordance with the FCC Order or other federally approved alternative measures (as permitted by the Rules) and by its location in either an urban or rural area.
- D. The discount matrix for eligible schools, libraries and consortia is included as an attachment to this tariff.

2.18 Health Care Providers Support Program

2.18.1 General

The purpose of the Health Care Providers Support Program is to enable public and non-profit rural health care providers to have access to telecommunications services necessary for the provision of health care services at rates comparable to those paid for similar services in urban areas. The Health Care Providers Support Program offers eligible public and non-profit health care providers located in rural areas reduced rates for Company intrastate services, available in this Tariff. Such services must be purchased in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Order in Cases 94-C-0095 and 28425, issued November 4, 1997. The FCC Rules are codified at 47 Code of Federal Regulation (C.F.R.) 54.601 et. seq., and any amendments made thereto.

2.18.2 Regulations

- A.** To be eligible for the reduced rates, rural health care providers are required to comply with the terms and conditions set forth in the FCC Rules.
- B.** Reduced rates are available only to the extent that they are funded by the federal universal service fund.
- C.** Eligible rural health care providers may aggregate demand with other entities to create a consortium. Universal service support shall apply only to the portion of eligible services used by an eligible health care provider.

2.18 Health Care Providers Support Program, (Cont'd.)

2.18.3 Rates and Charges

The following price adjustments will be available to eligible rural health care providers, except as defined in Section 2.19.3C. below, which shall be available to all eligible health care providers, regardless of location:

- A.** A reduced rate for telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, not to exceed the highest tariffed or publicly available rate charged to a commercial Customer for a similar service provided over the same distance in the nearest city in New York State with a population of at least 50,000.
- B.** An exemption from some mileage charges for any telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, that is necessary for the provision of health care services. The exempted mileage includes the distance between the rural health care provider and the most distant perimeter of the nearest city in New York State with a population of 50,000 or more, less the standard urban distance, which is the maximum average diameter of all cities with population of 50,000 or more in the state.
- C.** Each eligible health care provider that cannot obtain toll-free access to an Internet service provider is entitled to receive toll charge credits for toll charges imposed for connecting to an Internet service provider as per the FCC Rules. Such toll charge credits are available pursuant to applicable toll tariffs.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.19 Caller ID Unblocking*

2.19.1 311 / 911 Caller ID Unblocking

The City of New York 311 Call Center provides consolidated access to non-emergency municipal services and information 24 hours per day, 365 days per year. Callers have the ability to access City departments and services by using the 311 abbreviated dialing code instead of dialing a particular seven-digit number. In certain circumstances, calls to the 311 Call Center involve emergencies of various levels. In these instances, the Call Center will transfer the call to the 911 Emergency Call Center. If the caller has activated Caller ID Blocking, either on a per-call or per-line basis, the 911 Emergency Call Center operator will be unable to determine the caller's location. Thus, by Order dated April 18, 2003 (Case 03-C00171), the New York Public Service Commission directed that, for reasons of public safety, Caller ID Blocking shall be unblocked on all calls to the 311 Call Center. This ruling applies only to calls to the 311 Call Center and not to any other municipal office.

2.19.2 211 / 911 Caller ID Unblocking

The City of New York 211 Call Center provides a means of accessing community information and referral services within the Five Boroughs. Callers dialing 211 from telephones located within New York City will reach the Call Center where the calls will be routed to call takers trained to provide basic health and human services information. In certain circumstances, calls to the 211 Call Center may involve emergencies of various levels. In these instances, the Call Center will transfer the call to the 911 Emergency Call Center. If the caller has activated Caller ID Blocking, either on a per-call or per-line basis, the 911 Emergency Call Center operator will be unable to determine the caller's location. By Order dated May 28, 2008 (Case 07-C-1091), the New York Public Service Commission directed that, for reasons of public safety, Caller ID Blocking shall be unblocked on all calls to the 211 Call Center. This ruling applies only to calls to the 211 Call Center and not to any other municipal office.

* Caller ID Blocking is deactivated for calls to 211 or 311 or 911 in the New York exchange only.

SECTION 3 - CONNECTION CHARGES

3.1 Connection Charge

3.1.1 General

The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with each service to which they apply.

3.1.2 Exceptions to the Charge

- A. No charge applies for a change to a service for which a lower monthly rate applies, made within ninety (90) days after any general rate increase, if a lower grade of service is offered in the Customer's exchange.
- B. No charge applies for one change in the class of residence service, provided that the change is ordered within ninety (90) days of the initial connection of the Customer's exchange service.
- C. The Company may from time to time waive or reduce the charge as part of a promotion. See Section 9.5.

3.3 Service Order and Change Charges

Nonrecurring charges apply to process service orders for new service, for changes in service and for changes to the Customer's primary interexchange carrier (PIC) code. The following charges apply to the Company's services:

Service Ordering Charges:

- 1A. Service Order Charge: The Service Order Charge applies for connections, moves, changes of equipment or service, changes of telephone number and wherever line or port, installation, connection, initial or other one time charges apply, except where otherwise specified.
- 1B Feature Change Charge: Move, Change or Add Service Features or Equipment To Existing Lines/Trunks
- 1C Record Order Charge: A Record Order Charge applies for work performed by the Telephone Company in connection with receiving, recording and processing of Customer requests where only changes in Telephone Company records are involved.

Central Office Exchange Access Line Charges:

- 2A Line Connection Charge: Connect New or Additional Exchange Access Lines/Trunks
- 2B. Rewire Charge: Change Existing Exchange Access Lines/Trunks including hunting, changes in access line types; Exchange Access to/from Centrex or Trunks

Charge per:	1A	1B	1C	2A	2B
Minimum:	\$ 5.00	\$ 5.00	\$ 5.00	\$ 5.00	\$ 5.00
Maximum:	\$75.00	\$75.00	\$75.00	\$75.00	\$75.00

SECTION 3 - CONNECTION CHARGES, (CONT'D.)

3.4 Charges Associated with Premises Visit

3.4.1 Terms and Conditions

The Customer may request an estimate or a firm bid before ordering wire installation work to be done. When an estimate is provided, the estimate is not binding on the Company and the charge to be billed will be based on the actual time and materials charges incurred. When a firm bid is provided at Customer request, the charge to be billed is the amount quoted to the Customer for the work requested.

Inside Wire charges apply per service call when billable premises work is performed on noncomplex premises wire and jacks. Residence and Business charges may differ. Such charges are due and payable when billed.

Noncomplex wire, jacks and materials include:

- 2 to 6 pair inside wire
- Faceplates
- RJ11C, RJ14C, RJ11W and RJ14W type station jacks
- Staples, screws, nail, tape, connectors, etc.

3.4.2 Trouble Isolation Charge

When a visit to the Customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to Customer-provided equipment or inside wire, a separate charge applies in addition to all other charges for the visit.

	Minimum	Maximum
Residence, Per Premises Visit	\$10.00	\$150.00
Business, Per Premises Visit	\$10.00	\$150.00

SECTION 4 – INTRASTATE TOLL SERVICES

4.1 General

The Company offers direct dialed (1+) outbound service, inbound toll-free number service and travel card services for intrastate communications between telephones within the State of New York (State) in accordance with the terms of this tariff.

In addition, miscellaneous services such as Directory Assistance and Promotions may be made available to Customers of the Company.

Customers are billed based on their use of the Company's network and services. Charges may vary by service offering, class of call, time of day, day of week, and/or call duration.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 4 – INTRASTATE TOLL SERVICES, (CONT'D.)

4.2 Timing of Calls

Billing for calls placed over the Company's network is based in part on the duration of the call as follows, unless otherwise specified in this tariff:

- 4.2.1** Call timing begins when the called party answers the call (*i.e.*, when two-way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 4.2.2** Chargeable time for calls ends when one of the parties disconnects from the call.
- 4.2.3** For billing purposes, minimum call duration periods vary by service and are specified by product or option in subsequent sections of this tariff.
- 4.2.4** For billing purposes, usage after the initial period varies by service and is specified by product or option in subsequent sections of this tariff.
- 4.2.5** The Company will not bill for unanswered calls, except calls that are picked up by a voice mail service or call forwarded. When a Customer indicates that he/she was billed for an incomplete call, not picked up by a voice mail service or call forwarded, the Company will reasonably issue credit for the call.

4.3 Rate Periods

All rates listed are for daytime calls.

RATE PERIODS:

Day:	8:00 AM - 8:59 PM	Monday-Friday
Evening:	9:00 PM - 10:59 PM	Monday-Friday
	5:00 PM - 10:59 PM	Sunday
Night/Weekend:	11:00 PM - 7:59 AM	All Days
	8:00 AM - 10:59 PM	Saturday
	8:00 AM - 4:59 PM	Sunday

All times refer to local time.

SECTION 4 – INTRASTATE TOLL SERVICES, (CONT'D.)

4.5 Outbound InterLATA Long Distance Service

Outbound InterLATA Long Distance Service is a "1+" direct dial service available for Customer use twenty-four (24) hours a day, seven (7) days a week. Service is accessed through standard business or residential switched access lines. The Customer is responsible for obtaining suitable access from the Customer's local exchange carrier. All costs incurred in the installation and use of local access lines is the responsibility of the Customer.

Each call completed, including those directed to a voice mail service or call forwarded, will be rated with a minimum average time requirement of thirty (30) seconds, and for each additional six (6) seconds thereafter.

4.5.1 Usage Charges

Usage rates are applied on a minute of use basis in accordance with 4.2, 4.3 and 4.4 preceding.

	Minimum	Maximum
Outbound PLAN 1	\$0.0395	\$0.158
Outbound PLAN 2	\$0.0425	\$0.170
Outbound PLAN 3	\$0.0445	\$0.178
Outbound PLAN 4	\$0.0475	\$0.190
Outbound PLAN 5	\$0.0495	\$0.198
Outbound Home Free	\$0.0495	\$0.198

The Company may impose a monthly service fee to any or all of its Outbound Long Distance Service Plans.

	Minimum	Maximum
Monthly Service Fee	\$0.00	\$10.00

SECTION 4 – INTRASTATE TOLL SERVICES, (CONT'D.)

4.6 Inbound Toll Free Number Service

Inbound Toll-Free Number Service is an 800/888 number service available for Customer use twenty-four (24) hours a day, seven (7) days a week.

Service is terminated through switched access lines. Calls may originate from any valid exchange and terminate to the Customer's location at no charge to the calling party.

Each call completed, including those directed to a voice mail service or call forwarded, will be rated with a minimum average time requirement of thirty (30) seconds, and for each additional six (6) seconds thereafter.

4.6.1 Usage Charges

Usage charges apply on a minute of use basis, in accordance with 4.2, 4.3 and 4.4 preceding, to calls placed between local calling areas in the State.

	Minimum	Maximum
Inbound PLAN 1	\$0.0395	\$0.158
Inbound PLAN 2	\$0.0425	\$0.170
Inbound PLAN 3	\$0.0445	\$0.178
Inbound PLAN 4	\$0.0475	\$0.190
Inbound PLAN 5	\$0.0495	\$0.198

The Company may impose a monthly service fee to any or all of its Inbound Toll-Free Number Service Plans.

	Minimum	Maximum
Monthly Service Fee	\$0.00	\$10.00

In addition to these rates, and pursuant to 2.7.4 preceding, the Customer will be assessed a Public Pay Telephone Surcharge when Inbound Toll-Free Number Service is used from a public pay telephone.

4.7 Calling Card Travel Service

Calling Card Travel Service allows a Customer to complete calls from any location within the State from which the caller can dial the appropriate access code(s) and may be placed to any location within the State.

4.7.1 Usage Charges

Each call completed, including those directed to a voice mail service or call forwarded, will be rated with a minimum average time requirement of thirty (30) seconds, and for each additional six (6) seconds thereafter.

	Minimum	Maximum
Calling Card Travel Service PLAN 1	\$0.0845	\$0.338
Calling Card Travel Service PLAN 2	\$0.0895	\$0.358
Calling Card Travel Service PLAN 3	\$0.0945	\$0.378
Calling Card Travel Service PLAN 4	\$0.0995	\$0.398
Calling Card Travel Service PLAN 5	\$0.1045	\$0.418

In addition to these rates, and pursuant to 2.7.4 preceding, the Customer will be assessed a Public Pay Telephone Surcharge when Calling Card Travel Service is initiated from a public pay telephone.

4.8 Directory Assistance

Directory Assistance is available to Customers of the Company. Directory Assistance charges apply to each call to the Directory Assistance Bureau for telephone numbers outside the caller's local calling area. Up to two (2) requests may be made on each call to Directory Assistance. The Directory Assistance charge applies to each call regardless of whether the Directory Assistance Bureau is able to furnish the requested telephone number(s).

	Minimum	Maximum
Directory Assistance, Per Call	\$1.00 .	\$3.00

SECTION 5 - SUPPLEMENTAL SERVICES

5.1 Custom Calling Service

5.1.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.1.2 Description of Features

Three Way Calling/Call Hold - The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switch hook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one (1) call per line can be on hold at a time. The third party cannot be added to the original call.

Call Forwarding - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding – Busy - automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer - automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding – Variable - allows the Customer to choose to reroute incoming calls to another specified telephone number. The Customer must activate and deactivate this feature.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.1 Custom Calling Service, (Cont'd.)

5.1.2 Description of Features, (cont'd)

Call Waiting/Cancel Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

Distinctive Ringing - This feature enables a user to determine the source of an incoming call from a distinctive ring. The user is provided with up to two (2) additional telephone numbers.

Regular Multiline Hunting - This feature is a line hunting arrangement that provides sequential search of available numbers within a multiline group.

Speed Calling - This feature allows a user to dial selected numbers using one (1) or two (2) digits. Up to eight (8) numbers (single digit), or thirty (30) numbers (two digits) can be selected.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.1 Custom Calling Service, (Cont'd.)

5.1.3 Rates and Charges

A. Monthly Rates

Maximum and minimum rates for this service are located in Section 6, Residential Network Switched Service, and Section 7, Business Network Switched Service.

B. Connection Charges

Connection charges may apply when a Customer requests connection to one (1) or more custom calling features. Orders requested for the same Customer account made at the same time for the same premises will be considered one (1) request. These charges may not apply if the features are ordered at the same time as other work for the same Customer account at the same premises.

Minimum:	\$00.00
Maximum:	\$30.00

C. Trial Period

The Company may elect to offer a free or reduced rate trial of any new custom calling feature(s) to prospective Customers within ninety (90) days of the establishment of the new feature. See 5.4, Service and Promotional Trials, below.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.2 Class Services

5.2.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all CLASS services. Transmission levels may not be sufficient in all cases.

5.2.2 Description of Features

Call ID - The Call ID feature allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Call ID records the name, number, date and time of each incoming call - including calls that aren't answered by the Customer. Call ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

Automatic Redial - The Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to thirty (30) minutes until both lines are found free and then redials the call for the Customer.

The Automatic Redial feature allows Customers, having reached a busy number, to dial a code before hanging up. Automatic Redial feature then continues to try the busy number for up to thirty (30) minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be Automatically Redialed:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.2 Class Services, (Cont'd.)

5.2.2 Description of Features, (Cont'd)

Automatic Recall - The Automatic Recall stores the number of the most recent incoming call (including unanswered incoming calls) to a Customer's number. This allows a Customer to dial back any missed or unanswered telephone calls.

Customer Originated Trace - Customer Originated Trace allows Customers to key in a code that alerts the network to trace the last call received. The traced telephone number is automatically sent to the company for storage for a limited amount of time and is retrievable by legally constituted authorities upon proper request by them. By contacting the company the Customer can use this application to combat nuisance calls.

5.2.3 Rates and Charges

A. Monthly Rates

Maximum and minimum rates for this service are located in Section 6, Residential Network Switched Service, and Section 7, Business Network Switched Service.

B. Connection Charges

Connection charges may apply when a Customer requests connection to one (1) or more features. Orders requested for the same Customer account made at the same time for the same premises will be considered one (1) request. These charges may not apply if the features are ordered at the same time as other work for the same Customer account at the same premises.

5.3 Centrex Service Features

5.3.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.3.2 Description of Features

Camp On - This feature allows the switch to observe that a wanted line is busy, wait until it is free, then automatically and immediately connect the calling line that has been waiting.

Call Pickup - This feature allows a user to answer any call within an associated preset pickup group. If more than one (1) line in the pickup group has an unanswered incoming call, the call to be answered is selected by the switching system. Call Pickup answers a call that has been directed to another station within the same preset Call Pickup group.

Call Transfer - All Calls - Call Transfer allows a station user to transfer an established call to another station. The station from which the call is transferred will be assessed any long distance charges incurred as a result of the transfer.

Directed Call Pickup with Barge-In - This feature answers calls directed to a specific line from any other telephone line in the user group.

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.3 Centrex Service Features, (Cont'd.)

5.3.2 Description of Features, (Cont'd)

Directed Call Pickup without Barge-In - This feature is identical to the Directed Call Pickup with Barge-In except, if the line being picked up has already been answered, the party dialing the pickup code is routed to reorder (i.e., fast busy) rather than permitted to barge in on the established connection and create a three-way call.

Circular Hunting - This feature (similar to regular hunting) is a line hunting arrangement that allows all lines in a multi-line hunt group (MLHG) to be tested for busy, regardless of the point of entry into the group. When a call is to a line in a MLHG, a regular hunt is performed starting at the station associated with the dialed number. It continues to the last station in the MLHG, then proceeds to the first station in the group and continues to hunt sequentially through the remaining lines in the group. Busy tone is returned if the original called station is reached without finding a station that is idle.

Series Completion - This feature is a form of hunting similar to the multiline hunt group hunting and the Call Forwarding Busy Line feature. It allows calls to be made to a busy directory number to be routed to another specified directory number. The series completion hunt begins with the originally dialed member of the series completion group, and searches for an idle directory number from the list of directory numbers.

Account Codes - This feature adds an account number (code) to an Automatic Message Accounting (AMA) and/or Message Detail Recording (MDR) record for assigning Customer charges. The number of digits in a Customer's account code group will be defined by the Company.

Terminal Group and Station Restriction - This feature defines a station's network access capability either individually within a Centrex group or for the group as a whole. It defines the Centrex group and what level of access a station will have; i.e., intragroup only, toll restriction, etc.

Uniform Call Distribution - This feature is a hunting arrangement that assigns incoming calls uniformly among the stations in the group.

5.4 Service and Promotional Trails

5.4.1 General

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce a present or potential Customer to a service not previously subscribed to by the Customer.

5.4.2 Regulations

- A.** Appropriate notification of the Trial will be made to all eligible Customers and to the Commission. Appropriate notification may include direct mail, bill inserts, broadcast or print media, direct contact or other comparable means of notification.
- B.** During a Service Trial, the service(s) is provided automatically to all eligible Customers, except those Customers who choose not to participate. Customers will be offered the opportunity to decline the trial service both in advance and during the trial. A Customer can request that the designated service be removed at any time during the trial and not be billed a recurring charge for the period that the feature was in place. At the end of the trial, Customers that do not contact the Company to indicate they wish to retain the service will be disconnected from the service at no charge.
- C.** During a Promotional Trial, the service is provided to all eligible Customers who ask to participate. Customers will be notified in advance of the opportunity to receive the service in the trial for free. A Customer can request that the service be removed at any time during the trial and not be billed a recurring charge for the period that the service was in place. At the end of the trial, Customers that do not contact the Company will be disconnected from the service.
- D.** Customers can subscribe to any service listed as part of a Promotional Trial and not be billed the normal Connection Charge. The offering of this trial period option is limited in that a service may be tried only once per Customer, per premises.
- E.** The Company retains the right to limit the size and scope of a Promotional Trial.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.6 Trap Circuit Service

5.6.1 General

Trap Circuit Service is designed to allow the Customer to control the release of an incoming call so that in situations involving emergency or nuisance calls, calls may be held and traced.

5.6.2 Regulations

- A.** This service is provided when there is a continuing requirement for the identification of the calling party in cases involving nuisance calls or emergency situations or other situations involving law enforcement or public safety.

The Customer shall be required to sign a written request for this service. By signing the request, the Customer shall release the Company from any liability, and the Customer agrees to indemnify and hold the Company harmless from any liability it may incur in providing this service. The Company may require the recommendation of an appropriate law enforcement agency prior to providing this service. Any information obtained by the Company in the tracing of a call will be provided only to the law enforcement agency designated. The only exception to this will be emergency situations such as fire, serious illness or other similar situations, in which case the appropriate agency will be notified.

The equipment required to provide this service cannot be operated in all central offices. The service is restricted to locations where facilities permit.

The Company makes no guarantee concerning the tracing and identification of any call when the service is provided. The Company will furnish the service only on the express condition that no liability shall attach to it for any reason arising out of the provision of the service.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.7 Directory Assistance Service

5.7.1 General

A Customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service. A Customer can receive assistance by writing the Company with a list of names and addresses for which telephone numbers are desired.

5.7.2 Regulations

A Directory Assistance Charge applies for each telephone number, area code, and/or general information requested from the Directory Assistance operator except as follows:

- A.** Calls from coin telephones, including COCOTS.
- B.** Requests for telephone numbers of non-published service.
- C.** Requests in which the Directory Assistance operator provides an incorrect number. The Customer must inform the Company of the error in order to receive credit.
- D.** Requests from individuals with certified visual or physical handicaps in which the handicap prevents the use of a local directory. Individuals must be certified in accordance with the terms outlined under "Handicapped Person" in Section 8 of this Tariff, up to a maximum of fifty (50) requests per month.

5.7.3 Rates

Unless one (1) of the exceptions listed above applies, the charges as shown below apply for each request made to the Directory Assistance operator:

Minimum:	\$1.00
Maximum:	\$3.00

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.8 Local Operator Service

Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed to a valid authorized calling card. Local calls may be placed on a station to station basis. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service. Where no local charge applies (flat rate service), the usage charge is \$0.00. In addition to usage charges, an operator assistance charge applies to each call:

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.9 Stand Alone Voice Mail Service

5.9.1 Description

Stand Alone Voice Mail Service is offered to a Customer when a physical Service Line is not necessary. The Customer must access Voice Mail through the use of other network access service provided by the Company or other telecommunications common carriers. Such access, including applicable local usage and toll charges, is the responsibility of the Voice Mail Service Customer. Voice mail that is offered in conjunction with line-based service is offered pursuant to the terms specified in the applicable section of this tariff pertaining to the associated line-based service.

5.9.2 Recurring and Nonrecurring Charges

In addition to the nonrecurring charges listed below, service order charges apply per main billing account as described in Section 3 of this tariff. Service is offered on a month-to-month basis or the Customer may choose to commit to a minimum service term of twelve months. A twelve (12) month service term is billed in advance. Service will automatically renew at the end of each twelve (12) month term. Renewal charges will be billed in the eleventh month of the term. Twelve (12) month service will be automatically converted to month to month service if the recurring charge is not paid by the end of the first full month of the new service term. Service may be canceled at any time prior to the first month of the new service term.

Per Individual Mail Address (up to 100 Mail Addresses):

	Residence		Business	
	Minimum	Maximum	Minimum	Maximum
Nonrecurring Charge	\$1.00	\$30.00	\$1.00	\$30.00
Monthly Recurring Charges:	\$1.00	\$10.00	\$5.00	\$25.00

Over 100 Mail Addresses: individual cases basis

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.10 Blocking Service

5.10.1 General

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to residential and business Customers:

- A. 900, 700 Blocking - allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
- B. 976 Blocking – allows the subscriber to block all calls beginning with the 976 prefixes from being placed.. (C)
- C. Third Number Billed and Collect Call Restriction - provides the subscriber with a method of denying all third number billed and collect calls to a specific telephone number provided the transmitting operator checks their validation data base. (C)
- D. Toll Restriction (1+ and 0+ Blocking) - provides the subscriber with local dialing capabilities but blocks any Customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free) and operator assisted toll calls.
- E. Toll Restriction Plus - provides subscribers with Toll Restriction, as described in 1.d. of this Section, and blocking of 411 calls.
- F. Direct Inward Dialing Blocking (Third Party and Collect Call) - provides business Customers who subscribe to DID service to have Third Party and Collect Call Blocking on the number ranges provided by the Company.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.10 Blocking Service, (Cont'd.)

5.10.2 Regulations

- A. The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.
- B. Blocking Service is available where equipment and facilities permit.

5.10.3 Rates and Charges

A. Recurring and Nonrecurring Charges

The following rates and charges are in addition to all other applicable rates and charges for the facilities furnished.

Nonrecurring Charge	Minimum	Maximum
900 and 700 Blocking		
Residential	\$0.00	\$0.00
Business (up to 200 lines)	\$0.00	\$10.00
976 Blocking		
Residential	\$0.00	\$0.00
Business (up to 200 lines)	\$0.00	\$10.00

(C)

The nonrecurring charge for initial request of one (1) and two (2) line business Customers is waived for ninety (90) days from the Customer's service establishment date.

5.11 Customized Number Service

5.11.1 General

- A.** Customized Number Service allows a Customer to order a specified telephone number rather than the next available number.
- B.** Customized Number Service is furnished subject to the availability of facilities and requested telephone numbers.
- C.** The Company will not be responsible for the manner in which Customized Numbers are used for marketing purposes by the Customer.
- D.** When a new Customer assumes an existing service which includes Customized Number Service, the new Customer may keep the Customized Number, at the tariffed rate, with the written consent of the Company and the former Customer.
- E.** The Company reserves and retains the right:
 - 1. To reject any request for specialized telephone numbers and to refuse requests for specialized telephone numbers;
 - 2. Of custody and administration of all telephone numbers, and to prohibit the assignment of the use of a telephone number by or from any Customer to another, except as otherwise provided in this Tariff;
 - 3. To assign or withdraw and reassign telephone numbers in any exchange area as it deems necessary or appropriate in the conduct of its business.
 - 4. The limitation of liability provisions of this tariff in Section 2.1.1 are applicable to Customized Number Service.

5.11 Customized Number Service, (Cont'd.)

5.11.2 Conditions

- A.** Charges for Customized Number Service apply when a Customer:
- 1.** Requests a telephone number other than the next available number from the assignment control list, and such requested number is placed into service within six months of the date of the request.
 - 2.** Requests a number change from the Customer's present number to a Customized Number.
- B.** The Company shall not be liable to any Customer for direct, indirect or consequential damages caused by a failure of service, change of number, or assignment of a requested number to another Customer whether prior to or after the establishment of service. In no case shall the Company be liable to any person, firm or corporation for an amount greater than such person, firm or corporation has actually paid to the Company for Customized Number Service.

5.12 Customer Requested Service Suspensions

5.12.1 At the request of the Customer the Company will suspend incoming and outgoing service on the Customer's access line for a period of time not to exceed one (1) year. The equipment is left in place and directory listings are continued during the suspension period without change. At the Customer's request the Company will provide the Customer with an intercept recording referring callers to another number.

5.12.2 The company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction during the period of suspension.

Period of Suspension	Charge
First Month or Partial Month	Regular Monthly Rate (no reduction)
Each Additional Month up to the one (1) year limit)	1/2 Regular Monthly Rate

5.13 Nonpublished Service

5.13.1 Description

Nonpublished service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

5.13.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a nonpublished number only when the caller dials direct or gives the operator the number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number nonpublished, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonpublished number in the directory or otherwise disclosing a nonpublished number. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for nonpublished service.

The Company will waive the otherwise applicable charges for a nonpublished telephone listing, where the Customer requests protection of its identity in connection with the Customer's purchase of telephone service and the Customer is a victim of domestic violence, as defined in section 459(a) of the social services law, and for whose benefit any order of protection, other than a temporary order of protection, has been issued by a court of competent jurisdiction. This waiver of charges shall be for the duration of the applicable, non-temporary, order. Any nonpublished listing provided will conform to all the same requirements of other nonpublished listings. A Customer requesting such an accommodation shall provide a copy of the order of protection to the Company.

5.14 Nonlisted Service

5.14.1 Description

Nonlisted service means that the Customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

5.14.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a nonlisted number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonlisted number in the directory or disclosing it to some. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for nonlisted service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nonlisted service or the disclosing of said number to any person.

7.2.5 Centrex Service

A. Description

Centrex Service is a multi-station system offered to the business Customer with two (2) or more lines or trunks. It consists of digital switching equipment in the Company's switches connected to station lines on the Customer's premises. Centrex Service enables the Customer to originate and receive local calls within its system at no additional charge. Service to points within the local calling area is included in the charge for Centrex Service. Local calling areas are as specified in Section 10.

Centrex Service is offered on a contracted basis with four terms: twenty-four (24), thirty-six (36), sixty (60) and eighty-four (84) months. Thirty (30) days prior to the expiration of the contract term, the subscriber may cancel service or renew for a new term commitment. If the subscriber does not cancel or renew the service, service will continue on a month-to-month basis at the monthly rate associated with the twenty-four (24) month term plan.

Each Centrex Station Line has the following characteristics:

Terminal Interface:	2-Wire or 4-Wire as required for the provision of service
Signaling Type:	Loop Start
Pulse Type:	Dual Tone Multi-Frequency (DTMF)
Directionality:	Two-Way, In-Only or Out-Only

B. Features

The Centrex Customer chooses one of three feature packages: Basic, Enhanced and Premium. Basic Centrex includes all Centrex features except attendant features and Customer Management System. Enhanced Centrex includes attendant features. Premium Centrex offers all features, attendant features and Customer Management system.

7.2.6 Infinity Service Plans*

A. General

Infinity Service Plans provide business Customers with unlimited¹ local calling, regional toll and intrastate long distance. To qualify for an Infinity Service Plan, a business Customer must select the Company for local, intraLATA long distance, interLATA long distance and interstate/international long distance. Local calling features may be selected individually, per line, or in a four feature package (excluding voicemail). Available Local Calling Features are listed below. The Infinity Service Plans are offered at three levels: Infinity I, Infinity II, and Infinity Ultra.

The monthly recurring charge for this plan includes eligible direct dialed outgoing voice minutes. All other charges for usage and services, including but not limited to International calling, Directory Assistance services, Operator Assisted services, collect or person to person calls, 900,700, 976 calls to access information service, internet usage, fees, line charges, and surcharges are not included in the monthly recurring charge for Infinity plans and will be charged separately.

B. Infinity I

Infinity I provides business Customers with unlimited local calling only. Long distance and regional toll usage will be billed at per-minute rates.

C. Infinity II

Infinity II provides business Customers with unlimited local calling and unlimited regional calling. All other long distance usage will be billed at per-minute rates.

**This service is only available to existing Customers at existing locations as of July 24, 2007.*

7.2.6 Infinity Service Plans*, (Cont'd.)

D. Infinity Ultra

Infinity Ultra provides business Customers with unlimited local calling, unlimited regional toll and intrastate long distance.

E. Access Lines

1. Infinity Business Line

The Infinity Business Line provides the end-user with the ability to place and receive calls over the Public Switched Telephone Network (PSTN). This service provides connectivity between the Central Office and telephone sets, or fax equipment at the Customer location. Transmission is analog.

2. Infinity Central Office Service

Infinity Central Office Service has a 2-line minimum and 25 line maximum. This service consists of standard features that are included on all lines in the system. Optional features are furnished subject to the availability of facilities. Each Central Office System has its own Centrex Group name/number which allows Station-to Station Dialing between the members of that group.

3. Infinity A9D Central Office Service

Infinity A9D Central Office Service has a 2-line minimum and 25 line maximum. A9D includes an advanced feature that allows a Customer to dial directly to a telephone number outside of their A9D system without having to dial 9.

**This service is only available to existing Customers at existing locations as of July 24, 2007.*

1 For Voice use only. The Company reserves the right to charge \$0.02 per minute for calls that it deems to be in violation of the regulations of this tariff, as specified in 7.2.8.

H. Regulations

Infinity Service Plans are available in Verizon exchanges in New York state, for business Customers only. Qualifying Customers must have no more than 25 lines per service location, and only 10 lines are eligible for Infinity service. Infinity Service is not available on ground start lines, trunks, ISDN, RCF or Flexpath.

Infinity Customers must select the Company for local, regional, and long distance for all of its lines to be eligible for all unlimited calling plans.

PIC changes render the account ineligible for Infinity service and the account will be converted to applicable calling plans as described in Section 7 of this tariff.

Infinity Service Plans are for voice use only and are not available for use with dialed Internet access, modems, dialers, call centers or telemarketers. The Company reserves the right to charge Customers an additional per-minute rate, for usage violations specified in this tariff.

The Company reserves the right to terminate a Customer's Unlimited Local Usage, Unlimited Toll, or Unlimited Long Distance plan for use with non-voice traffic or other violations as specified in this tariff.

Unlimited local calling does not include Directory Assistance calls, surcharges for calling features such as *69, repeat dial, 3 way calling (per use features), Call Trace, Directory Assistance Call Completion, Interrupt, Verification, Operator Services, 500, 900, Follow-Me and other Information Services.

Unlimited long distance does not include Calling Card, Directory Assistance, Extended Domestic (Hawaii, Alaska, USVI, PR), North American Numbering Plan Calls (Mexico and Canada), or international calls.

**This service is only available to existing Customers at existing locations as of July 24, 2007.*

7.2.7 Business Advantage Local Exchange Service

Advantage Local exchange service lines and trunks are provided on a single party (individual) basis only. No multi-party lines are provided. Service is available on a flat rate, measured rate or message rate basis depending on the service plan selected by the Customer. Not all service plans will be available in all areas.

Recurring charges for Business Advantage Local Exchange Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company. There are 4 service options:

A. Advantage Measured Service

Advantage Measured Service provides business Customers with measured local, intraLATA toll, and Long Distance calling. Long distance and intraLATA toll usage will be billed at per-minute rates, as found in Section 8 of this tariff.

B. Advantage Unlimited Service

Advantage Unlimited Service provides business Customers with unlimited local calling only. Long distance and intraLATA toll usage will be billed at per-minute rates, as found in Section 8 of this tariff.

C. Advantage Unlimited Plus

Advantage Unlimited Plus Service provides business Customers with unlimited local calling and unlimited intraLATA toll calling. Usage in excess of 5000 minutes per month will be charged \$0.1200 per minute. Long distance usage will be billed at per-minute rates, as found in Section 8 of this tariff.

D. Advantage Complete

Advantage Complete Service provides business Customers with unlimited local, intraLATA, interLATA intrastate and interstate toll calling.

No other measured or message charges apply to calls placed or received from Advantage service lines.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS

8.1 LifeLine Telephone Service

8.1.1 Lifeline Telephone Service Options

A. Flat Rate Life Line Service

This service provides a full waiver of the \$3.50 federal subscriber line charge for flat rate Customers.

B. Basic Lifeline Service

This low priced individual message rate service provides a full waiver of the \$3.50 federal subscriber line charge. There is no monthly allowance for local calls. Primary area and Home Region calls are untimed. Extended area calls (where available) are timed.

8.1.2 Eligibility

This service is restricted to low income residential Customers. To qualify for Lifeline service a Customer must be income eligible for benefits from any one (1) of the following Entitlement Programs administered by the New York State Department of Social Services:

- Aid to Families with Dependent Children (AFDC)
- Food Stamps
- Home Energy Assistance Program (HEAP)
- Home Relief
- Medicaid
- Supplemental Security Income (SSI)

The applicant must provide proof to the Company that he or she is certified as income eligible to receive one (1) or more of the above benefits. After initial contact the Customer is sent an application form to be completed by the Customer or authorized representative of the Customer, as designated by the New York State Department of Social Services and identified as so authorized on the Customer's card for any of the above benefits.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.1 LifeLine Telephone Service, (Cont'd.)

8.1.2 Eligibility, (cont'd)

In addition, applicants are eligible for discounted Lifeline rates when approved to receive either a Veterans Disability Pension or a Veterans Surviving Spouse Pension. Applicants must provide proof to the Company that they are receiving one (1) of these pensions.

Lifeline services are effective upon receipt of a completed and signed form or an application form certified from an entity authorized by the Company. If the form is not returned, no further action is taken by the Company to establish eligibility. The Lifeline discount is credited as of the service connection date.

An individual's eligibility may be documented by information obtained by the Company as a result of enrollment programs, including but not limited to confidential computerized matching programs, conducted by the Company in conjunction with the New York State Department of Social Services (DSS) and/or the New York City Community Development Agency (CDA).

The Company, in coordination with appropriate agencies, will periodically verify each Lifeline Customer's eligibility. If a Customer is identified as being ineligible, the Customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The Customer will be billed for discounts received for any period in which he or she is proven to be ineligible for the service.

8.1.3 Charges

A qualified Customer may choose one (1) of the Lifeline services as described. For connection of new service, service connection charges apply unless the Customer qualifies for connection assistance under the Link Up America plan as outlined in 8.2, following.

Service connection charges do not apply to change existing service from:

- A. Message Rate Service to Basic Lifeline service;
- B. Basic Lifeline service to Message Rate Service.

8.3 Special Equipment for the Hearing or Speech Impaired Customer

- 8.3.1** As required by Section 92-a of New York State Public Service Law, the Company will provide, upon request, specialized telecommunications equipment for a Customer certified as hearing or speech impaired.
- 8.3.2** A Customer can be certified as hearing or speech impaired by a licensed physician, otolaryngologist, speech-language pathologist, audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairments in cooperation with an official agency of the State of New York.
- 8.3.3** The Company will make every reasonable effort to locate and obtain equipment for a certified Customer.
- 8.3.4** The Customer may purchase equipment at a price not to exceed the actual purchase price (including any applicable shipping costs) the Company pays.
- 8.3.5** The Company will advise the Customer who requests this equipment of the applicable terms for purchase.

8.4 Discounted Service for the Hearing or Speech Impaired Customer

8.4.1 General

A handicapped person who has been certified to the Company as having a hearing or speech impairment which requires that he or she communicate over telephone facilities by means other than voice, and who either use non-voice equipment or make calls through an interpreter, will receive, upon application to the Company, a 50% discount on local message rate service.

8.4.2 Certification

Acceptable certifications are:

- A.** Those made by a licensed physician, otolaryngologist, speech-language pathologist or audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairment in cooperation with an official agency of the State of New York, or
- B.** A pre-existing certification establishing the impairment of hearing or speech such as those which qualify the handicapped person for social security benefits on the basis of total hearing impairment or for the use of facilities of an agency for a person with hearing or speech impairment.

8.4.3 Qualification

A Customer qualifying for the discount is one (1) whose impairment is such that competent authority would certify him or her as being unable to use a telephone for voice communication. See Section 11, "Handicapped Person," for a listing of the necessary qualifications.

8.4.4 Billing

The reduction in charges is applied only at one (1) location, designated by the impaired person.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.5 Universal Emergency Telephone Number Service

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency report center Customer exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.6 New York Relay Service

8.6.1 General

The Company will provide access to a telephone relay center for New York Relay Service. The service permits telephone communications between hearing and/or speech impaired individuals who must use a Telecommunications Device for the Deaf (TDD) or a Teletypewriter (TTY) and individuals with normal hearing and speech. The Relay Service can be reached by dialing an 800 number. Specific 800 numbers have been designated for both impaired and non-impaired Customers to use.

8.6.2 Regulations

- A.** Only intrastate calls can be completed using the New York Relay Service under the terms and conditions of this tariff.
- B.** Charges for calls placed through the Relay Service will be billed as if direct distance dialed (DDD) from the point of origination to the point of termination. The actual routing of the call does not affect billing.
- C.** Calls through the Relay Service may be billed to a third number only if that number is within New York State. Calls may be billed to calling cards issued by the Company or other carriers who may choose to participate in this service.
- D.** The following calls may not be placed through the Relay Service:
 - 1. calls to informational recordings and group bridging service;
 - 2. calls to time or weather recorded messages;
 - 3. station sent paid calls from coin telephones; and
 - 4. operator-handled conference service and other teleconference calls.

8.6.3 Liability

The Company contracts with an outside provider for the provision of this service. The outside provider has complete control over the provision of the service except for the facilities provided directly by the Company. In addition to other provisions of this Tariff dealing with liability, in the absence of gross negligence or willful misconduct on the part of the Company, the Company shall not be liable for and the Customer, by using the service, agrees to release, defend and hold harmless for all damages, whether direct, incidental or consequential, whether suffered, made, instituted or asserted by the Customer or by any other person, for any loss or destruction of any property, whatsoever whether covered by the Customer or others, or for any personal injury to or death of, any person. Notwithstanding any provision to the contrary, in no event shall the Company be liable for any special, incidental, consequential, exemplary or punitive damages of any nature whatsoever.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.7 Special Credit Card for Blind and Disabled Persons

8.7.1 General

Persons who are blind or whose disability causes difficult with hand and finger coordination and use of a telephone qualify for a Special Credit Card. The card may be used from any telephone within the Company's territory to place calls within and outside the state of New York at a special rate or to place calls from a telephone outside of the Company's territory, but within the state of New York at rates applicable to the territory from which the call is made.

8.7.2 Rates

Within the Company's Territory:

Station to station toll calls placed with operator assistance will be billed at the lower rate normally applicable to calls placed without operator assistance. Local calls cannot be charged to the card. Person-to-person calls charged to the card will be billed at the higher operator handled rate.

Outside the Company's Territory, but within New York State:

All rates, charges, billing and restriction in effect in the territory from which the call is made will apply.

NY PSC No. 1 Telephone

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.7 Special Credit Card for Blind and Disabled Persons, (Cont'd.)

8.7.3 Qualification

The follow criteria will be used to determine eligibility for the Special Credit Card:

- A. **"Legally Blind"** - those whose visual acuity is 20/200 or less in the better eye with correcting glasses or whose widest diameter of visual field subtends an angular distance no greater than twenty (20) degrees.
- B. **"Physically Handicapped"** - those who are certified by competent authority as unable to read or use ordinary printed materials as result of physical limitations.
- C. Persons whose disabling condition causes difficulty with hand and finger coordination and utilization of a coin or non-coin telephone. Acceptable certifications are those made by a licensed physician, ophthalmologist or optometrist.

8.7.4 Billing Authorization

Responsibility for payment of charges may be handled in one of two ways:

- 1. The handicapped person (the applicant) may accept responsibility for payment of his or her own bill. In this case, the applicant must be eighteen (18) years of age or older and must reside within the Company's service territory, but he or she does not need to have other service from the Company.
- 2. Another party may agree to accept responsibility for payment of charges incurred through use of the Special Credit Card by the applicant. When this option is chosen, the person accepting this responsibility must be eighteen (18) years of age or older, but does not need to reside within the Company's service territory.

In either case, the applicant is the only authorized user of the Special Credit Card. If the person accepting payment responsibility has service within the Company's service territory, charges will be billed on a regular monthly bill; otherwise a separate bill will be sent.

SECTION 9 - SPECIAL ARRANGEMENTS

9.1 Non-Routine Installation and/or Maintenance

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays and/or night hours, additional charges may apply.

9.2 Individual Case Basis (ICB) Arrangements

Rates for ICB arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer for service which vary from tariffed arrangements. Rates quoted in response to such requests may be different for tariffed service than those specified for such service in the Rate Attachment. ICB rates will be offered to Customers in writing and will be made available to similarly situated Customers. A summary of each ICB contract pricing arrangement offered pursuant to this paragraph will be filed as an addendum to this Tariff within thirty (30) days after the contract is signed by both the Company and the Customer. The following information will be included in the summary:

- 1) LATA and type of switch
- 2) Service description
- 3) Rates and charges
- 4) Quantity of circuits
- 5) Length of the agreement.

SECTION 9 - SPECIAL ARRANGEMENTS, (CONT'D.)

9.4 Contract Services

At the option of the Company, service may be offered on a contract basis to meet specialized requirements of the Customer not contemplated in this tariff. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein, waiver of recurring or nonrecurring charges, charges for specially designed and constructed services not contained in the Company's general service offerings, or other customized features. The terms of the contract may be based partially or completely on the term and volume commitment, type of originating or terminating access, mixture of services or other distinguishing features. Service shall be available to all similarly situated Customers for a fixed period of time following the initial offering to the first contract Customer as specific in each individual contract.

9.5 Promotions

From time to time the Company shall, at its option, promote subscription or stimulate network usage by offering to waive some or all of the nonrecurring or recurring charges for the Customer (if eligible) of target services for a limited duration. Such promotions shall be made available to all similarly situated Customers in the target market area.

9.5.1 Demonstration of Service

From time to time the Company may demonstrate service for potential Customers by providing free use of its network on a limited basis for a period of time, not to exceed one (1) month. Demonstration of service and the type and duration of service provided will be at the Company's discretion.

9.5.2 Comparable Pricing Promotion

The Company will, at its discretion, match certain standard or promotional offerings of other interexchange carriers or resellers in order to acquire new Customers or retain existing Customer accounts. The Customer must demonstrate to the Company's satisfaction that: 1) an alternative service offering is valid and currently available from a competing interexchange carrier or reseller; and 2) the Customer intends to either subscribe to or remain subscribed with the competing interexchange carrier or reseller.

SECTION 10 - LOCAL CALLING AREAS

10.1 General

The Company offers Local Exchange Service within the State of New York. Where the Company offers service, as set forth in 1.1 preceding, local calling areas are in accordance with those listed or otherwise described in appropriate incumbent local exchange carrier tariffs.

The following services are offered at rates specified in the attached Rate Schedule.

Business	Residence
Measured Rate	Flat Rate
Business Key System Line Service	Measured Rate

The "Metropolitan New York Area" is defined as Bronx, Kings, Nassau, New York, Queens, Richmond, Rockland, Suffolk and Westchester Counties.

The "Upstate New York Area" is defined as all areas of New York State not part of the Metropolitan New York Area.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS

Agency - For 911 or E911 service, the government agency(s) designated as having responsibility for the control and staffing of the emergency report center.

Alternate Routing ("AR") - Allows E911 calls to be routed to a designated alternate location if (1) all E911 exchange lines to the primary PSAP (see definition of PSAP below) are busy, or (2) the primary PSAP closes down for a period (night service).

Analog - A transmission method employing a continuous (rather than a pulsed or digital) electrical signal that varies in amplitude or frequency in response to changes of sound, light, position, etc., impressed on a transducer in the sending device.

Apartments - A building or group of buildings used primarily to provide complete residential apartments but not lodging on a day-to-day basis.

ASCII - American Standard Code for Information Interchange. An eight-level code for data transfer adopted by the American Standards Association.

Asynchronous - Transmission in which each information character is individually synchronized usually by the use of start-stop elements. The gap between each character is not of a fixed length.

Authorized User - A person, corporation or other entity who is authorized by the Company's Customer to utilize service provided by the Company to the Customer. The Customer is responsible for all charges incurred by an Authorized User.

Attendant - An operator of a PBX console or telephone switchboard.

Automatic Location Identification ("ALI") - The name and address associated with the calling party's telephone number (identified by ANI as defined below) is forwarded to the PSAP for display. Additional telephones with the same number as the calling party's (secondary locations, off premises, etc.) will be identified with the address of the telephone number at the main location.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Automatic Number Identification ("ANI") - A system whereby the calling party's telephone number is identified and sent forward with the call record for routing and billing purposes. E911 Service makes use of this system.

Bit - The smallest unit of information in the binary system of notation.

Building - A structure enclosed within exterior walls or fire walls, built, erected and framed of component structural parts and designed for permanent occupancy.

Call Initiation - The point in time when the exchange network facility are initially allocated for the establishment of a specific call.

Call Termination - The point in time when the exchange network facility allocated to a specific call is released for reuse by the network.

Central Office - An operating office of the Company where connections are made between telephone exchange lines.

Central Office Line - A line providing direct or indirect access from a telephone or switchboard to a central office. Central office lines subject to PBX rate treatment are referred to as central office trunks.

Channel - A point-to-point bi-directional path for digital transmission. A channel may be furnished in such a manner as the Company may elect, whether by wire, fiber optics, radio or a combination thereof and whether or not by means of single physical facility or route. One 1.544 Mbps Service is equivalent to twenty-four (24) channels.

Channel Conversion - The termination of 1.544. Mbps Service at a Customer's location with conversion of the digital signal to twenty-four (24) analog voice grade circuits. Channel Conversion can be furnished by the Customer.

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Channel Service Unit ("CSU") - The equipment located at the Customer's premises which terminates each 1.544 Mbps Digital Loop and performs such functions as proper termination of facilities, regeneration of signals, recognition and correction of signal format errors and provides remote loop-back capability.

College - An establishment for higher education authorized to confer degrees where lodging for the students is maintained on the premises.

Communications Systems - Channels and other facilities which are capable of two-way communications between subscriber-provided terminal equipment or Telephone Company stations, even when not connected to exchange and message toll communications service.

Company - Spectrotel of New York, LLC d/b/a Plan B Communications d/b/a One Touch Communications d/b/a Surfstone d/b/a Touch Base Communications unless otherwise clearly indicated from the context.

Commission - The New York State Public Service Commission.

Customer - The person, firm, corporation, or other entity which orders service pursuant to this Tariff and utilizes service provided under Tariff by the Company. A Customer is responsible for the payment of charges and for compliance with all terms of the Company's Tariff.

Customer Premises Equipment ("CPE") - Equipment provided by the Customer for use with the Company's services. CPE can include a station set, facsimile machine, key system, PBX or other communication system.

Default Routing ("DR") - When an incoming E911 call cannot be selectively routed due to an ANI failure, garbled digits or other causes, such incoming calls are routed from the E911 Control Office to a default PSAP. Each incoming E911 facility group to the Control Office is assigned to a designated default PSAP.

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Demarcation Point - The physical dividing point between the Company's network and the Customer.

Dial Pulse ("DP") - The pulse type employed by a rotary dial station set.

Direct Inward Dial ("DID") - A service attribute that routes incoming calls directly to stations, bypassing a central answer point.

Direct Outward Dial ("DOD") - A service attribute that allows individual station users to access and dial outside numbers directly.

Digital - A method of storing, processing and transmitting information through the use of distinct electronic or optical pulses that represent the binary digits (bits) zero (0) and one (1). Digital transmission/switching technologies employ a sequence of discrete, individually distinct pulses to represent information, as opposed to the continuously variable signal of analog technologies.

Dual Tone Multi-Frequency ("DTMF") - The pulse type employed by tone dial station sets. (Touch tone)

Emergency Service Number ("ESN") - A unique code, assigned by the Company, used to define specific combinations of police, fire and/or ambulance jurisdictions, or any other authorized agency, which are designated by the Customer.

E911 Service Area - The geographic area in which the government agency will respond to all E911 calls and dispatch appropriate emergency assistance.

E911 Customer - A governmental agency that is the Customer of record and is responsible for all negotiations, operations and payment of bills in connection with the provision of E911 service.

Error - A discrepancy or unintentional deviation by the Company from what is correct or true. An "error," can be an omission in records.

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Exchange - An area, consisting of one or more central office districts, within which a call between any two points is a local call.

Exchange Access Lien - A central office line furnished for direct or indirect access to the exchange system.

Exchange Service - The provision to the subscriber of access to the exchange system for the purpose of sending and receiving calls. This access is achieved through the provision of a central office line (exchange access line) between the central office and the subscriber's premises.

Final Account - A Customer whose service has been disconnected who has outstanding charges still owed to the Company.

Flat Rate Service - The type of exchange service provided at a monthly rate with an unlimited number of calls within a specified primary calling area.

Ground Start - Describes the signaling method between the PBX/key system interface and the Company's switch. It is the signal requesting service.

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Handicapped Person - A person who is legally blind, visually handicapped or physically handicapped, under the following definitions from the Federal Register (Vol. 35 #126 dated June 30, 1970).

Legally Blind - a person whose visual acuity is 20/200 or less in the better eye with correcting glasses, or whose widest diameter of visual field subtends an angular distance no greater than twenty (20) degrees.

Visually Handicapped - a person whose visual disability, with correction and regardless of optical measurement with respect to legal blindness, are certified as unable to read normal printed material.

Physically Handicapped - a person who is certified by competent authority as unable to read or use ordinary printed materials as a result of physical limitation, or a person whose disabling condition causes difficulty with hand and finger coordination and use of a coin telephone.

The term "Handicapped Person," when used in connection with a person having a speech or hearing impairment which requires that they communicate over telephone facilities by means other than voice is defined below:

Hearing - a person with binaural hearing impairment of 60% or higher on the basis of the procedure developed by the American Academy of Otolaryngology (A.A.O.) as set forth in "Guide for Conservation of Hearing in Noise" 38-43, A.A.O., 1973; "guides to the Evaluation of Permanent Impairment" 103-107, American Medical Association, 1971.

Speech - a person with 65% or higher of impairment on the basis of the procedure recommended by the American Medical Association's Committee on Rating of Mental and Physical Impairment to evaluate speech impairment as to three categories: audibility, intelligibility and functional efficiency, as set forth in "Guides to the Evaluation of Permanent Impairment" 109-III, American Medical Association, 1971.

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Hospital - An establishment for treatment of human patients by members of the medical profession where lodging for the patients is maintained on the premises.

Hotel - An establishment offering lodging with or without meals to the general public on a day-to-day basis.

Incoming Service Group - Two (2) or more central office lines arranged so that a call to the First line is completed to a succeeding line in the group when the first line is in use.

Interface - That point on the premises of the subscriber at which provision is made for connection of facilities provided by someone other than the Company to facilities provided by the Company.

Interoffice Mileage - The segment of a line which extends between the central offices serving the originating and terminating points.

Interruption - The inability to complete calls, either incoming or outgoing or both, due to Company facilities malfunction or human errors.

Joint User - A person, firm or corporation which uses the telephone service of a subscriber as provided in Section 1 of the Tariff.

Kilobit - One thousand bits.

LATA - Local Access and Transport Area. The area within which the Company provides local and long distance ("intraLATA") service. For call to numbers outside this area ("interLATA") service is provided by long distance companies.

Link - The physical facility from the network interface on an end-user or carrier's premises to the point of interconnection on the main distribution frame of the Company's central office.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Leased Channel - A non-switched electrical path used for connection of equipment furnished by the subscriber to equipment furnished by the subscriber or the Company for a specific purpose.

Local Call - A call which, if placed by a Customer over the facilities of the Company, is not rated as a toll call.

Local Calling Area - The area, consisting of one (1) or more central office districts, within which a subscriber for exchange service may make telephone calls without a toll charge.

Local Service - Telephone exchange service within a local calling area.

Loop Start - Describes the signaling between the terminal equipment or PBX/key system interface and the Company's switch. It is the signal requesting service.

Loops - Segments of a line which extend from the serving central office to the originating and to the terminating point.

Megabit - One million bits.

Message Rate Service - A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One (1) completed call is equal to one (1) message.

Metropolitan New York Area - Bronx, Kings, Nassau, New York, Queens, Richmond, Rockland, Suffolk and Westchester Counties.

Move - The disconnection of existing equipment at one (1) location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Multi-Frequency ("MF") - An inter-machine pulse-type used for signaling between telephone company switches, or between telephone company switches and PBX/key systems.

Multi Line Hunt - A method of call signaling by which a call placed to one (1) number is subsequently routed to one (1) or more alternative numbers when the called number is busy.

Network Control Signaling - The transmission of signals used in the telecommunications system which perform functions such as supervision (control, status and charging signals), address signaling (e.g. dialing), calling and called number identification, audible tone signals (call progress signals indicating re-order or busy conditions, alerting) to control the operation of switching machines in the telecommunications system.

Network Control Signaling Unit - The terminal equipment furnished, installed and maintained by the Telephone Company for the provision of network control signaling.

NODE

The location to which digital channels are routed and where access is provided to such lines and associated equipment for testing.

PBX

A private branch exchange.

PORT

A connection to the switching network with one or more voice grade communications channels, each with a unique network address (telephone number) dedicated to the Customer. A port connects a link to the public switched network.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Premises - The space occupied by a Customer or authorized user in a building or buildings or contiguous property not separated by a public right of way.

Private Branch Exchange Service - Service providing facilities for connecting central office trunks and tie lines to PBX stations, and for interconnecting PBX station lines by means of a switchboard or dial apparatus.

Public Access Line Service - Service providing facilities for a Customer owned coin operated telephone ("COCOT").

Public Safety Answering Point ANSWERING POINT ("PSAP") - An answering location for E911 calls originating in a given area. A PSAP may be designated as primary or secondary, which refers to the order in which calls are directed for answering. Primary PSAPs respond first; secondary PSAPs receive calls on a transfer basis only and generally serve as a centralized answering location for a particular type of emergency call.

Rate Center - A geographic reference point with specific coordinates on a map used for determining mileage when calculating charges.

Referral Period - The time frame during which calls to a number which has been changed will be sent to a recording which will inform the caller of the new number.

Resale of Service - The subscription to communications service and facilities by one entity and the reoffering of communications service to others (with or without `adding value') for profit.

Same Premises - All space in the same building in which one subscriber has the right of occupancy, and all space in different buildings on contiguous property when occupied solely by the same subscriber. Foyers, hallways and other space for the common use of all occupants of a building are considered the premises of the operator of the building.

Selective Routing ("SR") - A feature that routes an E911 call from a Central Office to the designated primary PSAP based upon the identified number of the calling party.

Serving Central Office - The central office from which local service is furnished.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 11 - EXPLANATION OF TERMS, (CONT'D.)

Sharing - An arrangement in which several users collectively use communications service and facilities provided by a carrier, with each user paying a pro-rata share of the communication related costs.

Station - Each telephone on a line and where no telephone associated with the line is provided on the same premises and in the same building, the first termination in station key equipment or a jack for use with a portable telephone.

Suspension - Suspension of service for nonpayment is interruption of outgoing service only. Suspension of service at the subscriber's request is interruption of both incoming and outgoing service.

Synchronous - Transmission in which there is a constant time interval between bits, characters or events.

T-1 System - A type of digital carrier system transmitting voice or data at 1.544 Mbps. A T-1 carrier can handle up to twenty-four (24) multiplexed sixty-four (64) Kbps digital voice/data channels. A T-1 carrier system can use metallic cable, microwave radio or optical fiber as transmission media.

Telephone Call - A voice connection between two or more telephone stations through the public switched exchange system.

Telephone Grade Lines - Lines furnished for voice transmission or for certain signaling purposes.

Termination of Service - Discontinuance of both incoming and outgoing service.

Tie-Line - A dedicated line connecting two (2) switchboards or dial systems.

Toll Call - Any call extending beyond the local exchange of the originating caller which is rated on a toll schedule by the Company.

Tone Dial Signaling ("TD") - An electronic signal emitted by the circuitry of Touch-Tone-type push-button dials to represent a dialed digit.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 12 - BILLING AND COLLECTION SERVICES

12.1 Billing Name and Address Service

Billing Name and Address (BNA) Service is the provision of the complete billing name, street address, city or town, state and zip code for a telephone number assigned by the Company.

BNA Service is provided for the sole purpose of permitting the Customer to bill its telephonic communications services to its end users and may not be resold or used for any other purpose, including marketing activity such as market surveys or direct marketing by mail or by telephone.

The Customer may not use BNA information to bill for merchandise, gift certificates, catalogs or other services or products.

BNA Service is provided on both a manual and a mechanized basis. On a manual basis, the information will be provided by voice telecommunications or by mail, as appropriate. On a mechanized basis, the information will be entered on magnetic tape containing recorded Customer messages.

BNA information is furnished for sent-paid, collect, bill to third number, 700 and 900 service messages and messages charged to a calling card that is resident in the Company's database. In addition, BNA information for messages originated from data terminal numbers (DTNs) for data communications services is furnished on a manual basis only.

SECTION 12 - BILLING AND COLLECTION SERVICES, (CONT'D.)

12.1 Billing Name and Address Service, (Cont'd.)

12.1.1 Undertaking of the Company

- A.** A request for information on over one-hundred (100) and up to five-hundred (500) telephone numbers should be mailed to the Company. The Company will provide the response by First Class U.S. Mail within ten (10) business days.
- B.** Upon receipt of a magnetic tape of recorded Customer messages, the Company will, at the request of the Customer, provide BNA service on a mechanized basis. The tape of messages may be provided by the Customer or, where the Customer subscribes to Recording Service, may be the output from that service. The Company will enter the BNA information on the recorded message tape and send the tape to the Customer by First Class U.S. Mail. Other methods of delivering the data may be negotiated, and charges based on cost will apply.

The Company will provide a response to Customer-provided tapes by mail within six (6) business days of receipt. The Company will process and mail tapes which are the output of Recording Service every fifth business day.

- C.** The Company will specify the format in which requests and tapes are to be submitted.
- D.** The BNA information will be provided for the calling number furnished to the extent a billing name and address exists in the Company records, including non-published and non-listed numbers. If the billing name and address information for a specific calling number is confidential due to legal, national security, end user or regulatory imposed requirements, the Company will provide an indicator on the confidential records.
- E.** The Company will provide the most current BNA information resident in its data base. Due to normal end user account activity, there may be instances where the BNA information provided is not the BNA that was applicable at the time the message originated.

SECTION 12 - BILLING AND COLLECTION SERVICES, (CONT'D.)

12.1 Billing Name and Address Service, (Cont'd.)

12.1.2 Obligations of the Customer

- A.** With each order for BNA Service, the Customer shall identify the authorized individual and address to receive the BNA information.
- B.** A Customer which orders BNA Service on a mechanized basis and which intends to submit tapes of record messages for processing must provide the Company with an acceptable test tape or transmission which includes all call types for which BNA information may be requested.
- C.** The Customer shall institute adequate internal procedures to insure that BNA information, including that related to non-published and non-listed numbers, is used only for the purpose set forth in this tariff and that BNA information is available only to those Customer personnel or agents with a need to know the information. The Customer must handle all billing name and address information designated as confidential by the Company in accordance with Company's procedures concerning confidential information. The Company will provide to the Customer a statement of its procedures concerning confidential information.
- D.** The Customer shall not publicize or represent to others that the Company jointly participates with the Customer in the development of the Customer's end user records, accounts, data bases or market data, records, files and data bases or other systems it assembles through the use of BNA service.

Effective Date: August 29, 2013

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 12 - BILLING AND COLLECTION SERVICES, (CONT'D.)

12.1 Billing Name and Address Service, (Cont'd.)

12.1.2 Obligations of the Customer, (Cont'd.)

- E.** When the Customer orders BNA Service for both interstate and intrastate messages, the projected percentage of interstate use must be provided in a whole number to the Company. The Company will designate the number obtained by subtracting the projected interstate percentage from one-hundred (100) (100 - projected interstate percentage (intrastate percentage) as the projected intrastate percentage.

This whole number percentage will be used by the Company to apportion the rates and nonrecurring charges between interstate and intrastate in those circumstances where the recorded message detail is not sufficient to permit the Company to determine the appropriate jurisdiction. This percentage will remain in effect until a revised report is received as set forth following.

Effective on the first of January, April, July and October of each year, the Customer may update the jurisdictional report. The Customer shall forward to the Company, to be received no later than twenty (20) calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively. Except where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three (3) months billing and will be effective on the bill date in the following month (*i.e.*, February, May, August and November). No prorating or back billing will be done based on the report. If the Customer does not supply the report, the Company will assume the percentages to be the same as those provided in the last quarterly report. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentages to be the same as those provided in the order for service.

- F.** The Company shall use reasonable efforts to provide accurate and complete lists. The Company makes no warranties, expressed or implied, as to the accuracy or completeness of these lists.

LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 12 - BILLING AND COLLECTION SERVICES, (CONT'D.)

12.1 Billing Name and Address Service, (Cont'd.)

12.1.3 Rate Regulations

- A. Service Establishment Charges apply for the initial establishment of BNA service on a manual basis, for the initial establishment of BNA service on a mechanized basis and for establishment of a Master BNA List for a Customer.
- B. A charge applies for each request for BNA information for a telephone number or DTN number on a manual basis. A charge applies for each message processed to supply BNA information on a mechanized basis.

The Company will keep a count of the requests and of the messages processed. The Company will bill the Customer in accordance with these counts whether or not the Company was able to provide BNA information for all requests and messages.

- C. Where the recorded message detail is sufficient to determine a message is an intrastate message, the rates set forth in the rate section, following, apply to each such message.

Usage for which the recorded message detail is insufficient to determine jurisdiction will be prorated by the Company between interstate and intrastate.

The percentages provided in the reports as set forth in 12.1.2E. preceding will serve as the basis for prorating the charges. The intrastate charges are determined as follows: For usage sensitive (i.e. requests or messages processed) chargeable rate elements, multiply the intrastate percent times actual use times the stated tariff rate.

- D. When a Customer cancels an order for BNA Service after the order date, the Service Establishment Charge applies.

	Minimum	Maximum
Service Establishment Charge	\$1,000.00	\$5,000.00
Query Charge Per Telephone Number	\$0.01	\$1.00
